CHAIRMAN'S MESSAGE

DEAR SHAREHOLDERS,

GSS Energy Group 2018 activities were transformational. They will set a strong foundation for our Group's performance. In May, we acquired a piece of land in Batam, Indonesia for Precision Engineering (PE) Division. We built a bigger factory to meet increased orders from our existing and new clients and their requirements for a more diversified range of higher valued products. The Division entered into related ventures for assembly and upstream distribution of two wheel e-vehicles.

In the Oil and Gas (O&G) Division, we successfully completed drilling of two exploratory oil wells in Trembul Area. Independent technical verification confirmed their commercially viable hydrocarbon reserves. We are having ongoing discussions with interested parties in partnering further exploratory activities, sale and distribution of the gas from the two wells.

Over the past three years, the Group made substantial investment in PE and O&G business, with minimal borrowings. The Group adhered to prudent financial management and together, contributed to a healthy financial position.

Going forward, the Group will maintain a balanced growth strategy for the two operating divisions. The commercialisation of the gas assets, held up by

unexpected delays in regulatory approvals, is expected to be speeded up with the completion of the national electoral process. The PE business expansion program is on course. The collaborative partnership between PE and clients in the design, development and manufacture of new product lines augurs well for the success of new product launches.

The GSS Energy Group business model is unique in the O&G industry. In recent years, our well-established PE business offers the "safety net" for the Group's overall financial stability. Today, we believe O&G is on the way to self-sustainability with its assets. The two proven hydrocarbon reserves is expected to generate the cash flow shortly to enable the O&G business to yield financial returns commensurate with the capital investment. When these twin business operating assets are fully on stream, we can look forward to offering our shareholders in the not too distant future the returns they justifiably deserve for your faith in our Group.

It remains for me to appreciate my Board colleagues and on their behalf, to thank Management and all the staff for their hard work and dedication. I began by mentioning 2018 as a transformational year for GSS Energy Group. Today, I believe GSS stands at the threshold of growth. To our shareholders who journey with us through the years, we assure you of a bright future for GSS Energy Group.

ANTHONY KUEK

Chairman

CEO'S MESSAGE

DEAR SHAREHOLDERS,

On behalf of the Board of **GSS Energy Limited** ("GSS Energy" together with its subsidiaries, the "Group"), it is my privilege to deliver our Annual Report 2018 for the financial year ended 31 December 2018 ("FY 2018").

I am pleased that our Group has turned in a profitable position in FY 2018 with a net profit after tax of S\$2.1 million.

GSS Energy recorded a continuous growth in revenue for FY 2018, at S\$100.8 million and gross profit increased 8.2% to S\$20.7 million. Our financial performance was supported by our precision engineering business, which achieved net earnings of S\$9.6 million in FY 2018, both from higher orders placed by its existing customers and from new projects.

THE PRECISION ENGINEERING BUSINESS

With the precision engineering's operating principle to provide value services to its existing and potential customers, the business has continued its positive momentum through higher orders from existing customers and new projects.

With continuing requirements from its existing and interested potential customers, the precision engineering business has increased its capability and capacity with the completion of its new factory in Changzhou, China in Year 2017. The precision engineering group will start the printed circuit board assembly ("PCBA") operations in Changzhou in Year 2019 and with that, will provide a full range of services to cater to the needs of our customers.

The Group further strengthen its capacity commitment by acquiring a 50,000 square metre piece of land in Batam, Indonesia. The construction of the first factory building on this piece of land is scheduled to be completed in the first half of Year 2019.

With the positive growth momentum from our existing projects, we are also actively exploring new business models, including collaboration with partners to provide product design initiatives, build new technologies and new products to ensure our sustainability and relevance.

CEO'S MESSAGE

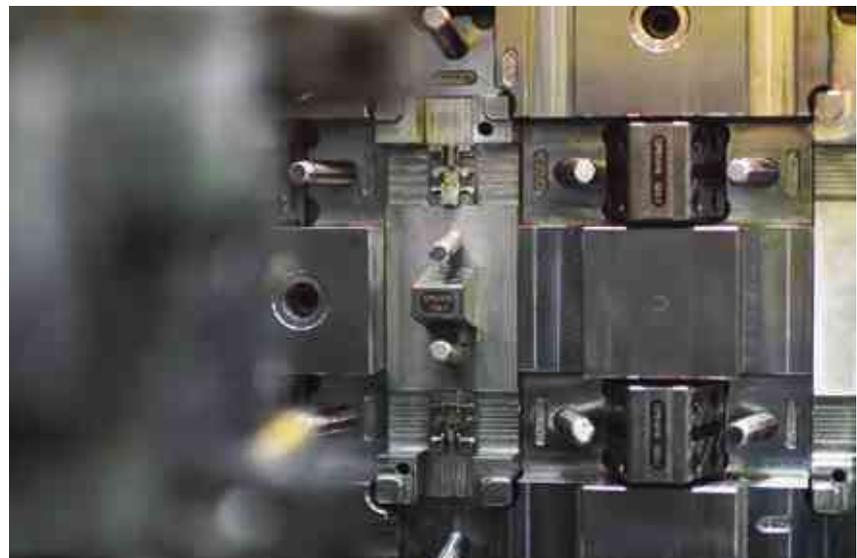

OIL AND GAS COMMERCIALISATION

With the discovery of the two proven hydrocarbon deposit wells in the Trembul Operating Area, the Group is in the process of obtaining regulatory approval to commercialise the gas deposits. The Group is also managing the operationally tight schedule under the exploratory timetable for the Kerja Sama Operasi ("KSO") arrangement for the Trembul Operating Area.

The Trembul Operating Area is operated by our subsidiary company, PT Sarana GSS Trembul ("PTSGT"). The Group holds an 89% economic interest in PTSGT with the remaining 11% held by the Central Java Provincial Government-owned enterprise.

DIVIDENDS

The Group has carefully reviewed and evaluated its existing resources for the ongoing operations and expansion plans. The Board has decided not to recommend a dividend payment for FY 2018, so as to consolidate all its available financial resources to support the growth of the business and further enhance its value to its shareholders.

OUR PARTNERS

I would like to take this opportunity to express my heartfelt appreciation to our Board of Directors, management team and staff for their dedication and contribution. I would also like to thank our customers, suppliers, and business partners for their loyal and valuable support.

More importantly, the Group will continue to conduct its business with full attention in fulfilling its corporate social responsibility.

Yours Sincerely,

MR SYDNEY YEUNG
Group Chief Executive Officer

SUSTAINABILITY REPORT

The Group recognises the importance of delivering long term value and sustainable returns to all our stakeholders. Sustainability is integral to our business operations. We identify and focus on areas of improvement. Our approach to sustainability is guided by several factors: listening to our stakeholders, identifying the key material Environmental, Social and Governance (ESG) aspects of our business, and ensuring we have a sustainable framework in place to track our progress.

The Group is in the process of enhancing its sustainability reporting. We will be adopting international recognised framework such as GRI, to ensure content quality by applying the principle of accuracy, balance, clarity, comparability, reliability and timeliness, and will disclose the same in future reporting. The Group is also in the process of establishing performance measurement mechanisms, commitments and targets in relation to the material ESG factors. This will be tabulated in future reporting in compliance with reporting requirements.

BOARD STATEMENT

The Board is responsible for the long-term strategic direction of the Group and that it has considered sustainability issues as part of its strategic formulation. The Board is committed to the Group’s effects towards the employment of sustainable practices as it our strategic approach to integrate sustainability in all aspects of our business and operations.

DEFINING MATERIAL ISSUES

Based on a Group-wide materiality assessment, we have outlined our strategic sustainability priorities through these steps:

1. Defining key issues which impact the execution of our business strategy;
2. Identifying the material ESG factors of the respective business areas, industry challenges and impact on the Group’s business;
3. Prioritising these critical factors and validate internally as pressing issues to address; and
4. Carefully re-examine and analyse the significant of material impacts and their outcomes on our business, stakeholders and the community at large;
5. Embedding best practices within our business operation processes where applicable;
6. We sought feedback from stakeholders through our day-to-day engagements and consultation with them to establish the direction for sustainability reporting.

The following are the material factors identified and prioritised.

SUSTAINABILITY REPORT

SUSTAINABILITY REPORT

LABOUR PRACTICES AND CONDUCIVE WORKPLACE

Corporate Values and Business Conduct

Unethical and unlawful behaviour can have immense impact for our Group, both in terms of financial and legal consequences as well as reputation we have established over the years. As such, we have requested our employees to strictly adhere to our Code of Conduct and Business Ethics (“code”) and strict disciplinary action will be enforced in the event of violations of the code, including termination of employment in cases of serious breaches, aside from any other legal action such as fines, penalties, imprisonment or claims for damages that may ensue as a result of any breach of prevailing laws and regulations.

Code of Conduct and Business Ethics

1. Zero-tolerance against corruption, fraud, insider trading, theft or bribery;
2. Compliance with the Company’s internal policies, including appropriate disclosures, and internal controls;
3. Maintaining the Company’s policies around workplace health, safety measures that might endanger the life or safety of fellow employees and external parties;
4. Committed to fair respectful working conditions without discrimination;
5. General code of conduct in terms of handling of Company property, assets and disclosure of information or trade secrets of the Company without permission.

Our Human Resource Philosophy

GSS Energy’s integrated human capital strategy aims to recruit, develop and motivate employees to drive growth for the Group.

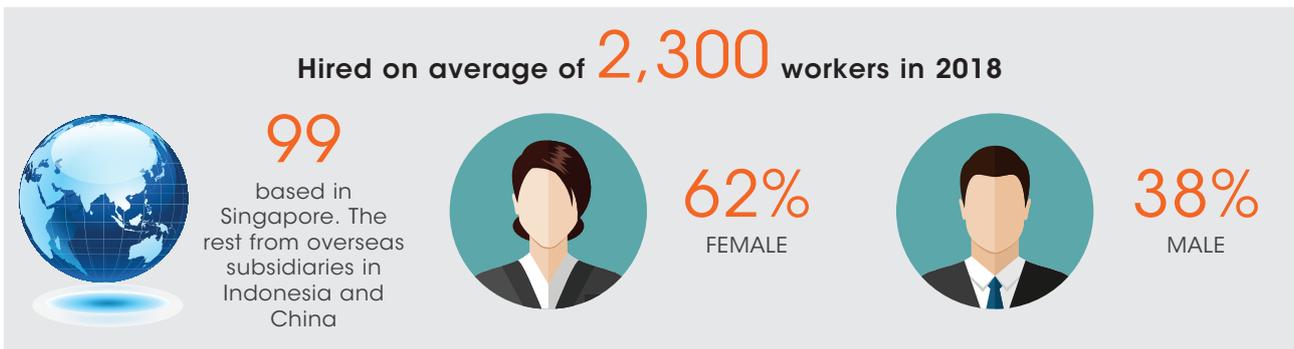

GSS Energy’s remuneration framework, comprising the following components, is aimed at fulfilling two objectives:

1. To attract and retain talents critical to achieving our business objectives; and
2. To align the employees’ compensation to shareholders’ wealth creation, through the following:
 - a. A base salary, which reflects the market worth of apposition, and benchmarked regularly to relevant industries to ensure competitiveness.
 - b. A short term incentive, which rewards employees for achieving financial targets and operational objectives in short term and the medium term. This incentive is paid based on individual performance and contribution and consists of variable bonus and profit sharing.
 - c. A long-term incentive, which rewards employees for achieving long-term growth and shareholders’ wealth creation through share ownership. This incentive is our key mechanism to retain talent and to align employee’s compensation to shareholders’ wealth creation.

As part of our human rights policy, we treat all employees with respect and dignity and give fair treatment, irrespective of gender, nationality, race or religion. We abide by labour laws and appropriate guidelines that promote fair employment practices and we embrace the principles of fair employment. Employees are provided with equal opportunities for progression within the organisation, training and development and other enrichment opportunities.

SUSTAINABILITY REPORT

The quality of our people is essential to the success of our Group. We work to maintain an effective and healthy organisation, resource talented people across the business, develop our people, grow and strengthen our leadership capabilities, and enhance employee performance through strong engagement. We emphasize recruiting right people for the job and provide training to develop them. We do not engage in child labour and when we recruit our staff, we will take into consideration of the minimum legal age governed by relevant employment regulations.

Our Group has set a policy that demands us to adhere to relevant legal and regulatory requirements and recognised industry standards. Our Group places high emphasis on safety and believes strongly in maintaining zero occupational injuries, diseases, property and environmental damage over the course of our work. Our staff represent our Group's most important assets and we strive continuously to create a safe and healthy working environment for all our employees to thrive in.

The Group understands the importance of work-life balance. In appreciation of our diligent employees, we organised family trips and staff dinners to celebrate the Group's achievements and to recognise the accomplishments of our staff. The Group also organise regular healthy lifestyle activities such as jogging, badminton games, bowling and trekking to promote balance work-life.

The Group launched the Rainbow Prize in 2016 to recognise, reward and encourage the school-going children of our employees for their good academic performance and to spur them to greater heights of excellence.

SUSTAINABILITY REPORT

Environmental initiatives

We are committed to environmental protection, reducing carbon emissions, preventing pollution, minimising wastage and utilising our resources efficiently. As part of our ongoing efforts to protect the environment, our Group implemented a waste recycling programme which involves the installation of separate bins to collect reusable waste for reuse and industrial waste water treatment system for our plant in China. The flaring of natural gas wastes valuable resources and contributes to climate change. We are working hard to reduce flaring associated with oil and gas production.

When oil is extracted from a reservoir, gas is also produced as the oil is brought to the surface. This is known as associated gas. The gas can be captured and used alongside with the oil. When there are no facilities to gather the gas, or they have insufficient capacity, it is sometimes flared, or burned. Flaring is also carried out for safety reasons to relieve pressure in the production system. Flaring wastes valuable energy resources and releases greenhouse gas into the atmosphere.

GSS Energy's policy is to reduce any routine flaring or venting of associated gas at our operations to a level as low as technically feasible. We also aim to minimise operational flaring required for safety reasons such as during the start-up of a new facility.

The land clearance in Indonesia, conducted prior to the implementation of our oil and gas production programme, strictly adheres to Indonesian government and environmental regulations. There is no forestry area in the Trembul operating area, at Bloral Central Java Indonesia. This minimises any possible environmental impact and reduces the administrative start-up costs in relation to our operations in the area.

Giving Back to our community

Our employees are encouraged to be involved in community activities. We aim to inculcate the right values in our employees and intelligently tap the passion, creativity and energy of employees to give back to the communities in which they operate. We encourage staff to bring their family members and friends to participate, aiming to raise their social awareness and help them appreciate their life and value what they have.

As part of the effort to do our part for the community, we conduct regular visits to the All Saints Home to share joy with the elderly residents. In 2018, we organised an outing to the Singapore Changi Airport for the residents. It was a fun filled day, where they get to watch "Harry Potter" themed interactive installations that looks like the magical universe from the best-selling series.

In same year, we collaborated with Rotary Club of Queenstown Singapore to bring variety of fun programmes and games to All Saints Home. This include fun exercise that help the seniors to build physical strength and balance, and keep their minds sharp. As part of commitment to community activities, our China subsidiaries have extended the community activities to children welfare centre and senior centre during 2018.

SUSTAINABILITY REPORT

Assurance

We did not obtain external assurance for the Report. We have relied on our internal verification mechanisms for accuracy of the Report. Our financial statements have been independently audited. We will adopt a phased approach to our reporting, making progressive improvements to our reporting process.

Feedback

We welcome stakeholders' comments, views and suggestions on this report. These and other queries can be addressed to feedback@gssenergy.com.sg.

CORPORATE GOVERNANCE

The Company is committed to raising the standard of corporate governance in order to protect the interest of its shareholders. The Board of Directors fully supports the principles and guidelines of the Code of Corporate Governance 2012 (the “Code”) as recommended by the Singapore Exchange Securities Trading Limited (“SGX-ST”) and has put in place various mechanisms to ensure that effective corporate governance is practiced. CORPORATE GOVERNANCE

The Constitution of the Company allows Directors to conduct meetings by teleconferencing or video conferencing. When a physical meeting is not possible, timely communications with members of the Board can be achieved through electronic means. The Board and Board Committees may also make decisions via the circulating and passing of resolutions in writing.

Other matters requiring Board's approval include material acquisitions and disposal of assets, corporate and financial restructuring, share issuance, dividends and other returns to shareholders.

All new Directors are given an orientation of the Group's business, governance practices and its strategic directions as well as industry-specific knowledge. Directors who have no prior experience as a director in a listed company are required to attend appropriate SGX-SID Listing Company Director Programmes offered by the Singapore Institute of Directors. The Directors are provided with briefings from time to time and are kept updated on relevant laws and regulations, including directors' duties and responsibilities, corporate governance and developing trends and financial reporting standards and are encouraged to attend workshops and seminars to enhance their skills and knowledge, so as to enable them to properly discharge their duties as Board or Board committee members. The Directors also receive updates on the business of the Group through regular scheduled meetings and ad-hoc Board meetings.

The Board recognises that independence directors may over time develop significant insights in the Group's business and operations, and can continue to provide noteworthy and valuable contribution objectively to the Board as a whole. The independence of the independent directors must be based on the substance of their professionalism, integrity, and objectivity, and not merely based on form; such as the number of years which they have served on the Board.

The Independent Directors meet on a need-be basis without the presence of the Management to discuss matters such as Group's financial performance, corporate governance initiatives, Board processes, succession planning as well as leadership development and remuneration of the Executive Directors.

BOARD COMMITTEES

To assist the Board in discharging its oversight functions and enhance the Company's corporate governance framework, various Board Committees, namely Audit Committee, Nominating Committee and Remuneration Committee have been constituted. All the Board Committees are actively engaged and play an important role in ensuring good corporate governance in the Company and within the Group. Minutes of the Board Committee meetings are available to all Board members. The Board acknowledges that while these various Board Committees have the authority to examine particular issues and report back to the Board with their decisions and recommendations, the ultimate responsibility on all matters lies with the Board.

CORPORATE GOVERNANCE

(1) Audit Committee

Principle 10: Presentation of a balanced and understandable assessment of the company's performance position and prospects

Principle 11: Sound system of risk management and internal controls

Principle 12: Establish an Audit Committee with written terms of reference which clearly sets out its authority and duties

Principle 13: Effective and independent internal audit function

The Audit Committee is chaired by Mr Chee Sanford, an Independent Director and includes Mr Anthony Kuek (Non-Executive Chairman and an Independent Director) and Mr Glenn Fung (Non-Executive Director) as members.

The Board considers Mr Chee Sanford, who has extensive and practical financial management and experience, is well qualified to chair the Audit Committee.

The Board is satisfied that the Audit Committee members, collectively, have relevant accounting and related financial management expertise or experience and are appropriately qualified to discharge their responsibility.

The Audit Committee convened four meetings during the period under review, attended by members of the Audit Committee and relevant management staff. The Audit Committee has also meet with the external and internal auditors, without the presence of the Company's management staff, at least once a year.

The Audit Committee carries out its functions in accordance with Section 201B (5) of the Companies Act (Cap. 50) ("**Companies Act**") and the Code, including the following:

- (a) reviewing the audit plans and results of the Company's external audits;
- (b) reviewing the results of internal audits conducted by the Company;
- (c) reviewing the Group's financial and operating results and accounting policies;
- (d) reviewing the financial statements of the Company and the consolidated financial statements of the Group before their submission to the Directors of the Company and the external auditors' report on those financial statements;
- (e) reviewing the quarterly and full-year results announcements of the Company and the Group to the SGX-ST;
- (f) ensuring the co-operation and assistance by management to external auditors;
- (g) making recommendations to the Board of Directors on the appointment of the external auditors; and
- (h) reviewing "interested person transactions" as defined in Chapter 9 of the Catalist Rules as is required by SGX-ST and ensuring that the transactions were on normal commercial terms and not prejudicial to the interests of the members of the Company.

CORPORATE GOVERNANCE

The Company adopted a whistle-blowing framework whereby staff of the Group may, in confidence, raise concerns about possible improprieties in matters of financial reporting or other matters. The framework includes arrangement for independent investigation and appropriate follow-up of such matters. No whistle-blowing report was received during the financial year under review.

In accordance with the requirements of Rule 716 of the Catalist Rules, the Audit Committee and the Board are satisfied that the appointment of different auditors for four of the subsidiaries would not compromise the standard and effectiveness of the audit of the Group.

The aggregate fees paid/payable to the external auditors of the Company for audit services amounted to \$148,000. There was no non-audit fee paid to the Company's external and other auditors for the financial year ended 31 December 2018.

The Audit Committee is kept abreast by the management and the external auditors of change to accounting standards, the Listing Manual and other regulations that could have an impact on the Group's business and financial statements.

Through the quarterly and annual financial statements and timely announcements to shareholders, the Board aims to provide shareholders with adequate details that would allow a balanced and understandable assessment of the Group's financial performance, position and prospects. This responsibility extends to reports to regulators. The Audit Committee has been tasked to review the Company's financial information to ensure that the objective is met.

The Board is committed to maintaining a sound system of internal controls, including financial, operational, information technology, compliance, and risk management systems to safeguard the interests of the shareholders and the Group's assets. Reviews are undertaken to ensure that the system of internal controls maintained by the Group is sufficient to provide reasonable assurance that the Group's assets are safeguarded against loss from unauthorised use or dispositions, that transactions are properly authorised, and proper financial records are maintained.

The Audit Committee annually reviews the adequacy and effectiveness of the internal audit function to ensure that the internal audits are performed effectively. The Audit Committee is of the opinion the internal audit function is independent, effective and adequately resourced.

The Group also periodically reviews operational and compliance control areas through the various heads of department, and has continuously made improvements with the assistance of regular internal reviews.

The Audit Committee has been given full access to the resources required along with the co-operation of, the management and has been given the resources required for it to discharge its function properly. It also has full discretion to invite any Director and executive officer to attend its meetings. The external auditors have unrestricted access to the Audit Committee.

For FY2018, the Board has received assurance from the Group Chief Executive Officer and the Chief Financial Officer that:

- a) the financial records have been properly maintained and the financial statements give a true and fair view of the Group's operations and finances; and
- b) the system of risk management and internal controls in place within the Group (including financial, operational and compliance) are sufficiently adequate and effective in addressing the material risks in the Group in its current business environment.

CORPORATE GOVERNANCE

In line with the Rule 705(5) of the Catalist Rules, the Board provides a negative assurance confirmation to the shareholders in its quarterly financial statements announcements, confirming that to the best of its knowledge, nothing has come to the attention of the Board which might render the financial statements false or misleading in any material aspect.

In addition, the Company has, pursuant to Rule 720(1) of the Catalist Rules, received undertakings from all its Directors and executive officers that they shall each, in the exercise of their powers and duties as Directors and executive officers, comply with the provisions of SGX-ST's Catalist Rules, the Securities and Futures Act (Cap. 289), The Singapore Code on Takeovers & Mergers, and the Companies Act (Cap. 50) and will also procure the Company to do so.

During FY2018, there was no non-audit related work carried-out by the external auditors; hence there was no fee paid on this aspect. The Audit Committee is satisfied with their independence and has recommended to the Board of Directors the nomination of BDO LLP, for re-appointment as external auditors of the Company at the forthcoming Annual General Meeting.

The number of meetings held in the year by the Audit Committee and the attendance thereat are as follows:

	Audit Committee Meetings	
	No. of meetings	Attendance
Mr Chee Sanford	4	4
Mr Anthony Kuek	4	4
Mr Glenn Fung	4	4

Based on the internal and financial controls established and maintained by the Group and reviews performed by the management and external auditors respectively, the Audit Committee and the Board are of the opinion that the Group's internal controls, addressing financial, operational, information technology, compliance risks and the risk management systems, were adequate and effective at 31 December 2018.

(2) Nominating Committee

Principle 4: *Formal and transparent process for the appointment and re-appointment of the Directors to the Board*

Principle 5: *Formal assessment of effectiveness of the Board as a whole and the contribution by each Director to the effectiveness of the Board*

Principle 6: *Board members should be provided with complete, adequate and timely information*

The Nominating Committee is chaired by Mr Anthony Kuek, the Non-Executive Chairman and an Independent Director, and includes Mr Sydney Yeung (Executive Director) and Mr Chee Sanford (Independent Director) as members.

CORPORATE GOVERNANCE

The Nominating Committee met and reviewed the following during the period under review:

- (a) the adherence to the Code of Corporate Governance;
- (b) the appointment of new Directors to the Board;
- (c) the recommendation of Directors seeking re-appointment at the Annual General Meeting; and
- (d) the independence of the Independent Directors.

The number of meetings held in the period by the Nominating Committee and the attendance thereat are as follows:

	Nominating Committee Meetings	
	No. of meetings	Attendance
Mr Anthony Kuek	2	2
Mr Sydney Yeung	2	2
Mr Chee Sanford	2	2

The Nominating Committee is satisfied that the current size and composition of the Board has adequate ability to meet the Company's existing scope of needs and the nature of operations. From time to time, the Nominating Committee will review the appropriateness of the current Board size, taking into consideration the changes in the nature and scope of operations as well as the regulatory environment.

Each member of the Nominating Committee shall abstain from voting on any recommendation and/or participating in respect of matters in which he/she has an interest.

The independence of each director is assessed and reviewed annually by the Nominating Committee. In its deliberation as to the independence of a director, the Nominating Committee took into account examples of relationships as set out in the Code, considered whether a director had business relationships with the Group, and if so, whether such relationships with the Group, and if so, whether such relationships could interfere, or be reasonably perceived to interfere, with the exercise of the directors' independent judgements.

When reviewing directors for appointment and reappointment, the Nominating Committee appraises the candidates to ensure that they possess relevant experience and have the calibre to contribute to the Group and its businesses, having regard to the attributes of the existing Board and the requirements of the Group. New Directors are appointed by way of a Board resolution, upon their nomination by the Nominating Committee. In accordance with the Company's Constitution, these new directors are appointed by the Board are subject to re-election by shareholders at the first opportunity after their appointment. The Constitution also provides that at least one third of the remaining Directors are subject to re-election by rotation at each Annual General Meeting ("AGM"). This will enable all shareholders to exercise their rights in selecting all Board members. The Board has accepted the Nominating Committee's nomination and has recommended the following Directors, who have their consents for re-elections, to be put forward for re-election at the forthcoming AGM:

Yeung Kin Bond Sydney	(Retiring pursuant to Article 89)

The Board of Directors will assess the performance and effectiveness of the Board as a whole. The executive directors are assessed on the performance of the division for which they are responsible. The evaluation exercise is carried out by reviewing the performance of the Group and its respective divisions.

The Nominating Committee considers that the multiple board representations held presently by some directors do not impede their performance in carrying out their duties to the Company and in fact enhances the performance of the Board as it broadens the experience and knowledge of the Board.

CORPORATE GOVERNANCE

To enable the Board to function effectively and to fulfil its responsibilities, Management recognizes its obligation to supply the Board and the Board Committees with complete, adequate information in a timely manner. In addition, all relevant information on the Group's annual budgets, financial statements, material events and transactions complete with background and explanations are circulated to Directors as and when they arise. A system of communication between the Management and the Board has been established and will improve over time.

(3) Remuneration Committee

The Remuneration Committee is chaired by Mr Anthony Kuek, the Non-Executive Chairman and an Independent Director, and includes Mr Chee Sanford (Independent Director) and Mr Glenn Fung (Non-Executive Director) as members.

The Remuneration Committee met and reviewed the following during the period under review:

- (a) the remuneration package for Executive Directors;
- (b) the fees for the Non-Executive Directors; and
- (c) oversee the share options scheme.

The number of meetings held in the year by the Remuneration Committee and the attendance thereat are as follows:

	Remuneration Committee Meetings	
	No. of meetings	Attendance
Mr Anthony Kuek	2	2
Mr Chee Sanford	2	2
Mr Glenn Fung	2	2

REMUNERATION MATTERS

Principle 7: Formal and transparent procedure for developing policy on executive remuneration and for fixing the remuneration packages of individual Directors

Principle 8: Level of remuneration of Directors should be appropriate and not excessive

Principle 9: Clear disclosure of remuneration policy, level and mix of remuneration, and procedure for setting remuneration

The Group's remuneration policy is to provide compensation packages at market rates which reward good performance and attract, retain and motivate the Directors and executives officers.

The Company does not use contractual provisions to allow the Group to reclaim incentive components of remuneration from the Executive Directors and key management personnel in exceptional circumstances of misstatement of financial results, or of misconduct resulting in financial loss to the Company. The Executive Directors owe a fiduciary duty to the Company. The Company should be able to avail itself to remedies against the Executive Directors in the event of such breach of fiduciary duties.

CORPORATE GOVERNANCE

The Board has not included a separate annual remuneration report to shareholders in the annual report on the remuneration of Directors and the top five key management personnel (who are not Directors or the CEO of the Company) as the Board is of the view that the matters which are required to be disclosed in such annual remuneration report have already been sufficiently disclosed in this report and in the financial statements of the Company. It would not be in the best interest of the Group to disclose the specific remuneration of each individual Director and key management personnel (who are not also Directors of the Company) having regard to the highly competitive environment in which it operates. The Remuneration Committee has reviewed the practice of the industry in this regard, weighing the advantages and disadvantages of such disclosure.

The Company had previously adopted the GSS Energy Limited Executives' Share Option Scheme (the "GEL Scheme") and GSS Energy Limited 2018 Executives' Option Scheme ("GEL 2018 Scheme"), to acknowledge the contributions made by key management and staff to the well-being and prosperity of the Group and to allow them to have a real and meaningful stake in the Company at a relatively low direct cost. The Executive Directors, Independent Directors, employees, controlling shareholders and their associates are eligible to participate in the Scheme in accordance with the Rules of the GEL Scheme and GEL 2018 Scheme.

The Executive Directors do not receive any Directors' fee. The Company advocates a performance-based remuneration system for Executive Directors and key management personnel that is flexible and responsive to the market, comprising a base salary, as well as variable performance bonus which is based on the Group's performance and the individual's performance such as management skills, process skills, people skills and business planning skills. This is designed to align remuneration with the interests of shareholders and link rewards to corporate and individual performance so as to promote the long-term sustainability of the Group.

Remuneration paid to the directors and key management of the Company for the period under review are as follows:

Name of Director/Key Management	Salary, Allowances & Benefits	Bonus	Directors' Fees	Total
Name of Director				
<u>Below S\$250,000</u>				
Anthony Kuek	-	-	100%	100%
Chee Sanford	-	-	100%	100%
<u>S\$250,000 – S\$499,999</u>				
Ng Say Tiong	71%	29%	-	100%
Badung Tariono	92%	8%	-	100%
Sydney Yeung	100%	-	-	100%
Name of key management				
<u>S\$250,000 – S\$499,999</u>				
Lee Kok Beng ⁽¹⁾	78%	22%	-	100%

Note:

(1) Lee Kok Beng holds a position as vice-president of Precision Engineering business segment.

CORPORATE GOVERNANCE

The remuneration of the other key management of the Group (excluding Directors of the Company) does not exceed S\$250,000 for FY2018.

None of the employees of the Group whose annual remuneration exceeds S\$50,000 are immediate family members of the Chief Executive Officer or any other Director of the Company as at 31 December 2018.

INTERESTED PERSON TRANSACTIONS

The Company has established a procedure for recording and reporting interested person transactions. All interested person transactions are subject to review by the Audit Committee to ensure they were carried out on a normal commercial terms.

There were no interested person transactions for the period under review.

MATERIAL CONTRACTS

Pursuant to Rule 1204(8) of the Catalist Rules, there was no material contract involving the interests of any director or controlling shareholder entered into by the Company or any of its subsidiaries since the end of the previous financial year. There was no such contract subsisted at the end of the financial year under review.

COMMUNICATIONS WITH SHAREHOLDERS

Principle 14: Shareholders rights

Principle 15: Communication with Shareholders

Principle 16: Conduct of Shareholders meetings

The Company does not practice selective disclosure. In line with continuous disclosure obligations of the Company pursuant to the Listing Manual and the Companies Act (Cap. 50), the Company's policy is that all shareholders should be equally and timely informed of all major developments that impact the Group.

Information is communicated to all shareholders on a timely basis through:

- (a) annual reports that are prepared and issued to all shareholders. The Company makes every effort to ensure that all relevant information about the Group and other disclosures that are required by the SGX-ST, the Companies Act (Cap. 50) and Singapore Statements of Accounting Standard, are included in the Annual Report;
- (b) periodic financial statements containing a summary of the financial information and affairs of the Group for the period that are reported through the SGXNET;
- (c) notices and explanatory notes for annual general meetings and extraordinary general meetings;
- (d) disclosures to the SGX-ST; and
- (e) the Group's website at www.gssenergy.com.sg, at which shareholders can access information on the Group. The website provides, *inter alia*, information on the Group's corporate disclosure, corporate data, corporate profile and annual reports.

CORPORATE GOVERNANCE

Shareholders are encouraged to attend the AGM to ensure a high level of accountability and to stay informed of the Group's strategy and objectives. If shareholders are unable to attend any meetings of the Company, the Constitution of the Company allows shareholders to appoint up to two (2) proxies to vote on their behalf through proxy forms sent in advance. The Board welcomes questions from shareholders, either formally at the AGM or informally, before and after the AGM.

In line with the amendments to the Companies Act, the Constitution allows corporate Shareholders which provide nominee or custodial services to third parties to appoint more than two proxies to attend and vote on their behalf at general meetings.

The AGM serves as the principal forum for shareholders to obtain information and give feedback about the Group.

Separate resolutions on each distinct issue are tabled at general meetings and voting on each resolution by poll is carried out systematically with proper recording of votes cast and the resolution passed. "Bundling" of resolutions are kept to a minimum and are done only where the resolutions are interdependent so as to form one significant proposal and only where there are reasons and material implications justifying the same.

All resolutions at general meetings are voted by poll and announcement of the detailed results showing the number of votes cast for and against each resolution and the respective percentages are made via the SGXNET.

The Board, Chairmen of the Board Committees, management and external auditors are available at general meetings to address any questions the shareholders may have concerning the Group.

The Company also solicits the views of the shareholders through analyst briefings and meetings with investors and fund managers. The Company is open to meetings with investors and analysts, and conducting such meetings, the Company is mindful of the need to ensure fair disclosure.

The Company has adopted a dividend policy of paying dividends of not less than 20% of the Group's consolidated profit after tax, excluding non-controlling interests and non-recurring, one-off and exceptional items, in respect of the financial years ended FY2018 and financial year ending 31 December 2019 ("**FY2019**"). The dividend policy for FY2018 and FY2019 was adopted to give clearer guidance to shareholders of the potential dividend payout, which will be pegged to the financial performance of the Group for the relevant financial years. The Board may review the dividend policy and reserves the right to amend, modify or cancel this dividend policy as and when it deems necessary.

The Board reviewed the Group's resources for ongoing operations and plans for expansion, and considered the consolidation of all available financial resources would enable the Group to use them more efficiently to support growth and enhance shareholder value. In this connection, a dividend was not recommended for this year.

CORPORATE GOVERNANCE

DEALING IN SECURITIES

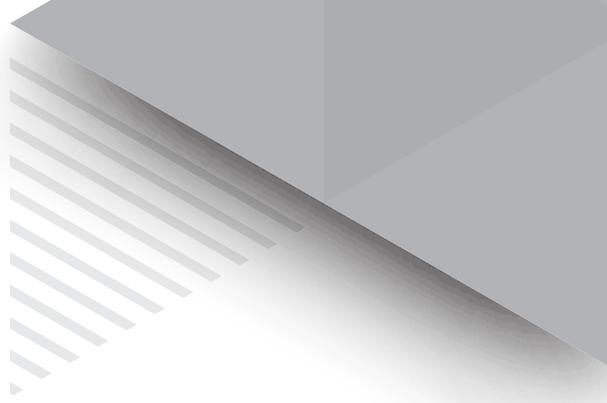

Following the introduction of the Code, the Company has brought to the attention of its employees the implications of insider trading and recommendations of the Code.

In compliance with the Rule 1207(19) of the Catalist Rules, the Company has adopted and implemented an internal compliance code which prohibits securities dealings by Directors and employees while in possession of unpublished price-sensitive information. Officers are discouraged to deal in the Company's securities on short-term considerations.

Directors, executives and any other employees who have access to material price-sensitive information are prohibited from dealing in securities of the Company prior to the announcement of a matter that involves material unpublished price-sensitive information. They are required to report on all their dealings in the Company's securities to the Company. They are also prohibited from dealing in the Company's securities during the period commencing one month before the announcement of the Company's quarterly or full-year results and ending on the day after the announcement of the quarterly and full-year results.

CATALIST SPONSOR

In compliance with Rule 1204 (20) of the Catalist Rules, no non-sponsor fees was paid to the Sponsor, Stamford Corporate Services Pte. Ltd., for the year under review.

Mr Kuek Eng Chye, Anthony
Mr Fung Kau Lee, Glenn

3. ARRANGEMENTS TO ENABLE DIRECTORS TO ACQUIRE SHARES AND DEBENTURES

Neither at the end of nor at any time during the financial year was the Company a party to any arrangement whose object is to enable the Directors of the Company to acquire benefits by means of the acquisition of shares in, or debentures, of the Company or any other body corporate except as disclosed in paragraph 5 below.

DIRECTORS' STATEMENT

4. DIRECTORS' INTERESTS IN SHARES AND DEBENTURES

According to the register kept by the Company for the purposes of Section 164 of the Singapore Companies Act, Chapter 50 (the "Act"), none of the Directors holding office at the end of the financial year had any interest in the shares or debentures of the Company or its related corporations at the beginning, or date of appointment, if later, and end of the financial year, except as follow:

Name of Directors and company in which interests are held	Shareholdings registered in the name of Directors or their nominees		Shareholdings in which Directors are deemed to have an interest

By virtue of section 7 of the Act, Yeung Kin Bond, Sydney and Fung Kau Lee, Glenn are deemed to have interest in all the subsidiary corporations of the Company. In accordance with the continuing listing requirements of the Singapore Exchange Securities Trading Limited ("SGX-ST"), the Directors of the Company state that, according to the Register of the Directors' Shareholdings, the Directors' interest as at 21 January 2019 in the shares of the Company have not changed from those disclosed as at 31 December 2018.

5. SHARE OPTIONS

The GSS Energy Limited Executives' Share Option Scheme (the "GEL Scheme") for key management personnel and employees of the Group (collectively referred to as "Eligible Persons") was approved by members of the Company at the Annual General Meeting on 24 April 2017.

On 23 April 2018, the members of the Company approved GSS Energy Limited 2018 Executives' Option Scheme ("GEL 2018 Scheme").

The GEL Scheme and GEL 2018 Scheme are share incentive schemes (collectively known as "GEL Schemes"). The objective of the GEL Schemes is to attract, retain and motivate key employees of the Company and its related companies by providing them the opportunity to acquire a proprietary interest in the Company and to align their interests and efforts with the long-term interests of the Company's shareholders.

Under the GEL Schemes, (a) full-time employees of the Company and its related Group companies; (b) Executive-Directors of the Company and its related Group companies; and (c) Non-executive Directors (including Independent Directors) of the Company and its related Group companies are eligible to participate in the GEL Schemes.

DIRECTORS' STATEMENT

5. SHARE OPTIONS (CONTINUED)

The number of shares to be offered to a grantee in accordance with the GEL Schemes shall be determined at the absolute discretion of the GSS Energy Limited Executives' Share Option Scheme Committee ("Committee") comprising four directors namely Mr Anthony Kuek (Chairman), Mr Sanford Chee (member), Mr Glenn Fung (member) and Mr Sydney Yeung (member), which shall take into account criteria such as the rank and responsibilities, performance, years of service and the potential contributions of the grantee. The Committee shall exercise its discretion judiciously in deciding the number of shares under the GEL Schemes to grant to each grantee.

No share options have been exercised and no ordinary shares of the Company have been issued as at the date of this statement.

The aggregate number of shares in respect of which the Company may grant options, when added to the number of shares issued and issuable in respect of (i) all options granted under the GEL Schemes, and (ii) all options granted under any other incentive schemes or share plans, shall not exceed 15% of the total issued share capital of the Company (excluding treasury shares) on the day immediately preceding the grant date. This rule may be amended by the Committee from time to time, but only after all required approvals have been obtained from the Board of Directors and the shareholders of the Company.

The exercise price for each share in respect of which an option is exercisable shall be fixed by the Committee at a price deemed by the Committee to accurately reflect the fair market value per share on the offering date.

During the financial year, the Company granted a total of 27,223,000 options to subscribe for ordinary shares of the Company at exercise price of \$0.12512 per share. Letters of Offer for grant of options to selected employees were issued on 23 February 2018 ("grant date"). The vesting period for the options is 24 months from the grant date. The GEL Schemes will be in force for a period ranged from 3 years to 5 years from the grant date.

(a) Options granted to Directors of the Company under the Share Option Scheme are as follows:

Name	Aggregate options outstanding at 1 January 2018 '000	Options granted during 2018 '000	Aggregate options granted since commencement of the Scheme or date of appointment, if later, to 31 December 2018 '000	Aggregate options exercised since commencement of the Scheme or date of appointment, if later, to 31 December 2018 '000	Aggregate options lapsed since commencement of the Scheme or date of appointment, if later, to 31 December 2018 '000	Aggregate options outstanding at 31 December 2018 '000

DIRECTORS' STATEMENT

6. AUDIT COMMITTEE

The Audit Committee ("AC") is currently chaired by Mr Chee Sanford (Independent Director) and includes Mr Kuek Eng Chye, Anthony (an Independent Director) and Mr Fung Kau Lee, Glenn (Non-Independent Director) as members.

The AC convened four meetings during the financial year under review, attended by the members of the AC and relevant management staff. The AC also meets with the external and internal auditor without the presence of the Company's management, at least once a year.

The AC carries out its functions in accordance with Section 201B(5) of the Act and the Code of Corporate Governance, including the following:

- (i) Reviews the audit plans and results of the Company's external audits;
- (ii) Reviews the Group's financial and operating results and accounting policies;
- (iii) Reviews statements of financial position and changes in equity of the Company and the consolidated financial statements of the Group before their submission to the Directors of the Company and the external auditor's report on those financial statements;
- (iv) Reviews the quarterly and full-year results announcements on the results of the Group and financial position of the Company and of the Group;
- (v) Ensures that co-operation and assistance is given by the management to external auditor;
- (vi) Makes recommendations to the Board of Directors on the appointment of external auditor; and
- (vii) Reviews the Interested Person Transactions as defined in Chapter 9 of the Rules of Catalist of the Singapore Exchange Securities Trading Limited ("SGX-ST") as is required by SGX-ST and ensures that the transactions were on normal commercial terms and not prejudicial to the interests of the members of the Company.

The AC has full access to and co-operation of the management and has been given the resources required for it to discharge its function properly. It also has full discretion to invite any Director and executive officer to attend its meetings. The external auditor has unrestricted access to the AC.

The AC has reviewed all non-audit services provided by the external auditor to the Group and is satisfied that the nature and extent of such services would not affect the independence and objectivity of the external auditor. There was no non-audit fee paid to the Company's external auditors for the financial year ended 31 December 2018.

The AC has recommended to the Board of Directors the nomination of BDO LLP, for re-appointment as external auditor of the Company at the forthcoming Annual General Meeting.

Based on the internal and financial controls established and maintained by the Group and the reviews performed by the management and the external auditor's review of the accounting internal controls, the AC and the Board are of the opinion that the Group's internal controls addressing financial, operational and compliance risks, are adequate as at 31 December 2018.

DIRECTORS' STATEMENT

7. INDEPENDENT AUDITOR

The independent auditor, BDO LLP, has expressed its willingness to accept re-appointment.

8. ADDITIONAL DISCLOSURE REQUIREMENTS OF THE LISTING MANUAL OF THE SINGAPORE EXCHANGE SECURITIES TRADING LIMITED

The auditors of the subsidiaries of the Company are disclosed in Note 18 to the financial statements. In the opinion of the Board of Directors and AC, Rule 712 and Rule 715 of the Listing Manual Section B: Rules of Catalist of the Singapore Exchange Securities Trading Limited have been complied with.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF GSS ENERGY LIMITED

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of GSS Energy Limited (the "Company") and its subsidiaries (the "Group") as set out on page 46 to 126 which comprise:

- the consolidated statement of financial position of the Group and the statement of financial position of the Company as at 31 December 2018;
- the consolidated statement of comprehensive income, consolidated statement of changes in equity, and consolidated statement of cash flows of the Group and statement of changes in equity of the Company for the year then ended; and
- notes to the financial statements, including a summary of significant accounting policies.

In our opinion the accompanying consolidated financial statements of the Group and the statement of financial position and the statement of changes in equity of the Company are properly drawn up in accordance with the provisions of the Companies Act, Chapter 50 (the "Act") and Singapore Financial Reporting Standards (International) ("SFRS(I)s") so as to give a true and fair view of the consolidated financial position of the Group and the financial position of the Company as at 31 December 2018, and of its consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group and changes in equity for the Company for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with Singapore Standards on Auditing ("SSAs"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Group in accordance with the Accounting and Corporate Regulatory Authority ("ACRA") Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities ("ACRA Code") together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF GSS ENERGY LIMITED

1 Accounting for Exploration and Evaluation Assets

Key Audit Matter

As at 31 December 2018, the Group's exploration and evaluation assets comprise investment in West Jambi with cost amounting to \$2,999,000 and exploration project in Trembul with cost amounting to \$12,973,000.

During the financial year, the Group provided impairment loss of \$2,999,000 for the investment in West Jambi subsequent to an impairment assessment.

We focused on this area as a key audit matter as significant management judgement is involved in determining (a) the appropriateness of costs capitalised as "Exploration and Evaluation Assets" in accordance with the Group's accounting policy and (b) the related impairment assessment for such assets, including whether the activities have reached a stage which permits a reasonable assessment of the existence of oil reserves.

Related Disclosures

Refer to Notes 2.13, 3 and 17 of the accompanying financial statements.

Audit Response

We performed the following procedures, amongst others:

- Checked that the costs capitalised as "Exploration and Evaluation Assets" are in accordance with the Group's accounting policy, on a sample basis;
- Examined the relevant exploration permits in the area of interest, the financing arrangement and the future plans for these oil and gas exploration and evaluation projects and other relevant supporting documents to evaluate management's impairment assessment; and
- Assessed the adequacy of the relevant disclosures made by management in the financial statements.

Other Information

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF GSS ENERGY LIMITED

Responsibilities of Management and Directors for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and SFRS(I)s, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The directors' responsibilities include overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF GSS ENERGY LIMITED

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

In our opinion, the accounting and other records required by the Act to be kept by the Company and by those subsidiary corporations incorporated in Singapore of which we are the auditors have been properly kept in accordance with the provisions of the Act.

The engagement partner on the audit resulting in this independent auditor's report is Ng Kian Hui.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2018

1. GENERAL CORPORATE INFORMATION

GSS Energy Limited (the "Company" or "GSS") is a public company limited by shares incorporated and domiciled in Singapore. The Company is listed since 12 February 2015 on the Catalist board of the Singapore Exchange Securities Trading Limited ("SGX-ST"). The Company's registration number is 201432529C. Its registered office is at 50 Raffles Place, #32-01 Singapore Land Tower, Singapore 048623 and its principal place of business is at Blk 4012 Ang Mo Kio Ave 10 #05-01 Techplace 1, Singapore 569628.

The principal activity of the Company is that of investment holding. The principal activities of the subsidiaries and joint arrangements are disclosed in Note 18 and Note 19, respectively, to the financial statements.

The ultimate controlling party is Yeung Kin Bond, Sydney. Related companies in these financial statements refer to members of the GSS Energy Limited group.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of preparation of financial statements

The financial statements have been drawn up in accordance with the provisions of the Singapore Companies Act, Chapter 50 and Singapore Financial Reporting Standards (International) ("SFRS(I)") including related Interpretations of SFRS(I) ("SFRS(I) INT") and are prepared under the historical cost convention, except as disclosed in the accounting policies below.

These financial statements are the Group and the Company's first financial statements prepared in accordance with SFRS(I). The Group and the Company have previously prepared its financial statements in accordance with Financial Reporting Standards in Singapore ("FRS"). As required by SFRS(I) 1 *First-time adoption of Singapore Financial Reporting Standards (International)*, the Group and the Company have consistently applied the same accounting policies in its opening statement of financial position at 1 January 2017 and throughout all financial years presented, as if these policies had always been in effect subject to the mandatory exceptions and optional exemptions under SFRS(I) 1 as disclosed below. The adoption of SFRS(I) 1 does not result in any substantial changes on the accounting policies in the previous financial years. The adoption of SFRS(I) has no material effect on the amount reported for the current or prior years.

Optional exemptions applied

Short-term exemption on adoption of SFRS(I) 9 *Financial Instruments*

The Group has elected to apply the short-term exemptions upon adoption of SFRS(I) 9 on 1 January 2018. As a result, the financial instruments included in the comparatives have been accounted for in accordance with FRS 39 *Financial Instruments: Recognition and Measurement*. The Group is also exempted from complying with SFRS(I) 7 *Financial Instruments: Disclosure* on the disclosure requirements in relation to SFRS(I) 9.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2018

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.1 Basis of preparation of financial statements (Continued)

The individual financial statements of each entity in the Group are measured and presented in the currency of the primary economic environment in which the entity operates (its functional currency). The consolidated financial statements of the Group and the statement of financial position and the statement of changes in equity of the Company are presented in Singapore dollar (“\$”), which is the functional currency of the Company and the presentation currency for the consolidated financial statements and all values presented are rounded to the nearest thousand (“\$’000”) as indicated.

The preparation of financial statements in conformity with SFRS(I) requires management to make judgements, estimates and assumptions that affect the Group’s application of accounting policies and reported amounts of assets, liabilities, revenue and expenses. Although these estimates are based on management’s best knowledge of current events and actions, actual results may differ from those estimates. The areas where such judgements or estimates have the most significant effect on the financial statements are disclosed in Note 3 to the financial statements.

FRS and INT FRS issued but not yet effective

As at the date of authorisation of these financial statements, the Group and the Company have not adopted the following SFRS(I) and SFRS(I) INT that have been issued but are not yet effective:

		Effective date (annual periods beginning on or after)
SFRS(I) 9 (Amendments)	: <i>Prepayment Features with Negative Compensation</i>	1 January 2019
SFRS(I) 1-28 (Amendments)	: <i>Long-term Interests in Associates and Joint Ventures</i>	1 January 2019
SFRS(I) 1-19 (Amendments)	: <i>Plan Amendment, Curtailment or Settlement</i>	1 January 2019
SFRS(I) 10 and SFRS(I) 1-28 (Amendments)	: <i>Sale or Contribution of Assets between an Investor and its Associate or Joint Venture</i>	To be determined
SFRS(I) 16	: <i>Leases</i>	1 January 2019
SFRS(I) 17	: <i>Insurance contracts</i>	1 January 2021
Improvements to FRSs (March 2018)		1 January 2019
– SFRS(I) 3 (Amendments)	: <i>Business Combinations</i>	
– SFRS(I) 11 (Amendments)	: <i>Joint Arrangements</i>	
– SFRS(I) 1-12 (Amendments)	: <i>Income Taxes</i>	
– SFRS(I) 1-23 (Amendments)	: <i>Borrowing Costs</i>	
SFRS(I) INT 23	: <i>Uncertainty over Income Tax Treatments</i>	1 January 2019

Consequential amendments were also made to various standards as a result of these new or revised standards.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2018

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.1 Basis of preparation of financial statements (Continued)

Except as disclosed below, the Group and the Company expect that the adoption of the above FRS in future periods, if applicable, will have no material impact on the financial statements of the Group and the Company in the period of initial adoption.

SFRS(I) 16 Leases

SFRS(I) 16 supersedes SFRS(I) 1-17 *Leases* and introduces a new single lessee accounting model which eliminates the current distinction between operating and finance leases for lessees. FRS 116 requires lessees to capitalise all leases on the statement of financial position by recognising a 'right-of-use' asset and a corresponding lease liability for the present value of the obligation to make lease payments, except for certain short-term leases and leases of low-value assets. Subsequently, the lease assets will be depreciated and the lease liabilities will be measured at amortised cost.

From the perspective of a lessor, the classification and accounting for operating and finance leases remains substantially unchanged under SFRS(I) 16. SFRS(I) 16 also requires enhanced disclosures by both lessees and lessors.

The Group has performed an assessment on the adoption of SFRS(I) 16 based on currently available information as well as recognition exemptions under SFRS(I) 16. The Group expects to capitalise its operating leases on office premises and other operating facilities on the statement of financial position by recognising a 'right-of-use' assets of \$1,800,000 and their corresponding lease liabilities for the present value of future lease payments of \$1,800,000. This assessment may be subject to changes from the ongoing analysis until the finalisation of transition entries.

The Group plans to adopt the standard in the financial year beginning on 1 January 2019 using the modified retrospective method in accordance with the transitional provisions, and therefore will only recognise leases on statement of financial position as at 1 January 2019. The Group will include the required additional disclosures in its financial statements for the financial year ending 31 December 2019.

2.2 Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Company and its subsidiaries. Subsidiaries are entities over which the Group has control. The Group controls an investee if the Group has power over the investee, exposure to variable returns from the investee, and the ability to use its power to affect those variable returns. Control is reassessed whenever facts and circumstances indicate that there may be a change in any of these elements of control.

Subsidiaries are consolidated from the date on which control is transferred to the Group up to the effective date on which control ceases, as appropriate.

Intra-group balances and transactions and any unrealised income and expenses arising from intra-group transactions are eliminated on consolidation. Unrealised losses may be an impairment indicator of the asset concerned.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2018

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.2 Basis of consolidation (Continued)

The financial statements of the subsidiaries are prepared for the same reporting period as that of the Company, using consistent accounting policies. Where necessary, accounting policies of subsidiaries are changed to ensure consistency with the policies adopted by other members of the Group.

Non-controlling interests in subsidiaries relate to the equity in subsidiaries which is not attributable directly or indirectly to the owners of the parent. They are shown separately in the consolidated statements of comprehensive income, financial position and changes in equity.

Non-controlling interests in the acquiree that are a present ownership interest and entitle its holders to a proportionate share of the entity's net assets in the event of liquidation may be initially measured either at fair value or at the non-controlling interests' proportionate share of the fair value of the acquiree's identifiable net assets. The choice of measurement basis is made on an acquisition-by-acquisition basis. Subsequent to acquisition, the carrying amount of non-controlling interests is the amount of those interests at initial recognition plus the non-controlling interests' share of subsequent changes in equity. Total comprehensive income is attributed to non-controlling interests even if this results in the non-controlling interests having a deficit balance.

Changes in the Group's interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions. The carrying amounts of the Group's interests and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiary. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to owners of the Company.

When the Group loses control of a subsidiary, the profit or loss on disposal is calculated as the difference between (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest and (ii) the previous carrying amount of the assets (including goodwill), and liabilities of the subsidiary and any non-controlling interests. Amounts previously recognised in other comprehensive income in relation to the subsidiary are accounted for (i.e. reclassified to profit or loss or transferred directly to retained earnings) in the same manner as would be required if the relevant assets or liabilities were disposed of. The fair value of any investments retained in the former subsidiary at the date when control is lost is regarded as the fair value on initial recognition for subsequent accounting under FRS 39 *Financial Instruments: Recognition and Measurement* or, when applicable, the cost on initial recognition of an investment in an associate or joint venture.

In the separate financial statements of the Company, investments in subsidiaries, joint venture and non-current amount due from subsidiaries are carried at cost less any impairment loss that has been recognised in profit or loss.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2018

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.3 Business combinations

The acquisition of subsidiaries is accounted for using the acquisition method. The cost of the acquisition is measured at the aggregate of the fair values, at the date of exchange, of assets given, liabilities incurred or assumed, and equity instruments issued by the Group in exchange for control of the acquiree. Acquisition-related costs are recognised in profit or loss as incurred. Consideration also includes the fair value of any contingent consideration. Contingent consideration classified as a financial liability is remeasured subsequently to fair value through profit or loss.

The acquiree's identifiable assets, liabilities and contingent liabilities that meet the conditions for recognition under SFRS(I) 3 are recognised at their fair values at the acquisition date.

Where a business combination is achieved in stages, the Group's previously held interests in the acquired entity are remeasured to fair value at the acquisition date (i.e. the date the Group attains control) and the resulting gain or loss, if any, is recognised in profit or loss. Amounts arising from interests in the acquiree prior to the acquisition date that have previously been recognised in other comprehensive income are reclassified to profit or loss, where such treatment would be appropriate if that interest were disposed of.

Goodwill arising on acquisition is recognised as an asset at the acquisition date and initially measured at cost, being the excess of the sum of the consideration transferred, the amount of any non-controlling interest in the acquiree and the fair value of the acquirer previously held equity interest (if any) in the entity over net acquisition-date fair value amounts of the identifiable assets acquired and the liabilities assumed.

If, after reassessment, the net fair value of the acquiree's identifiable net assets exceeds the sum of the consideration transferred, the amount of any non-controlling interest in the acquiree and the fair value of the acquirer's previously held equity interest in the acquiree (if any), the excess is recognised immediately in profit or loss as a bargain purchase gain.

2.4 Revenue recognition

Revenue is recognised when a performance obligation is satisfied. Revenue is measured based on consideration of which the Group expects to be entitled in exchange for transferring promised good or services to a customer, excluding amounts collected on behalf of third parties (i.e. sales related taxes). The consideration promised in the contracts with customers may include fixed amounts, variable amounts or both.

Sale of mechanism and microshaft products

The Group is involved in the supply of mechanism, microshaft and other related precision engineering products. The revenue is recognised at a point in time when control of the goods is transferred to the customers. This is generally when the goods are delivered to the customers. For overseas sales, control might also be transferred when delivered either to the port of departure or port of arrival, depending on the specific terms of the contract. Revenue is measured at transaction price agreed under contract with credit term of 30 to 95 days.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2018

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.4 Revenue recognition (Continued)

Rendering of services – Product assembly

The product assembly services involved assembling of parts and material, packaging and labelling. There is only one distinct performance obligation identified under the contracts with customers which is to provide assembly services to the customers. Revenue is recognised at a point in time when the significant acts have been completed and when transfer of control occurs.

The revenue is measured at the transaction price agreed under the contract with a credit term of 30 to 90 days.

Interest income

Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable.

Rental income

Rental income under operating lease (net of any incentive given to lessees) is recognised on a straight-line basis over the term of the lease.

Compensation for acquisition of land and building by government

Compensation from government for items of property, plant and equipment that were impaired, lost or given up is included in profit or loss when the compensation becomes unconditionally receivable.

2.5 Borrowing costs

Borrowing costs are recognised in profit or loss in the period in which they are incurred using the effective interest method.

2.6 Employee benefits

Retirement benefit costs

Payments to defined contribution retirement benefit plans are charged as expenses as they fall due. Payments made to state-managed retirement benefit schemes, such as the Singapore Central Provident Fund, are dealt with as payments to defined contribution plans where the Group's obligations under the plans are equivalent to those arising in a defined contribution retirement benefit plan.

Employee leave entitlements

Employee entitlements to annual leave are recognised as a liability when they accrue to employees. The estimated liability for annual leave is recognised for services rendered by employees up to the end of the financial year.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2018

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.6 Employee benefits (Continued)

Retirement gratuity

Retirement benefits payable to certain categories of employees upon their retirement are provided for in the financial statements based on their entitlement under the staff benefit plan.

The Group's net obligation in respect of retirement benefits is the amount of future benefits that employees have earned in return for their service in current and prior periods. The obligation is calculated using projected salary increases and is discounted to its present value, and the fair value of any related assets is deducted.

Employee service entitlement benefits

Defined benefit plans define an amount of pension benefit that an employee will receive on retirement, usually dependent on one or more factors such as age, years of service and compensation.

Defined benefit plan surpluses and deficits are measured at:

- The fair value of plan assets at the reporting date; less
- Plan liabilities calculated using the projected unit credit method discounted to its present value using yields available on government bonds that have maturity dates approximating to the terms of the liabilities.

Remeasurements of the net defined benefit obligation are recognised directly within equity. The remeasurements include:

- Actuarial gains and losses
- Return on plan assets (interest exclusive)

Service costs are recognised in profit or loss, and include current and past service costs as well as gains and losses on curtailments.

Net interest expense (income) is recognised in profit or loss, and is calculated by applying the discount rate used to measure the defined benefit obligation (asset) at the beginning of the annual period to the balance of the net defined benefit obligation (asset), considering the effects of contributions and benefit payments during the year.

Gains or losses arising from changes to plan benefits or plan curtailment are recognised immediately in profit or loss.

Settlements of defined benefit plan are recognised in the period in which the settlement occurs.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2018

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.7 Equity-settled share-based payment

The Group operates GSS Energy Limited Executives' Share Option Scheme which allows it to issue equity-settled share-based payments to selected key management personnel and employees of the Group. For equity-settled share-based payment, the fair value of the services received is recognised as an employee expense, with a corresponding increase in equity, over the vesting period during which the executives become unconditionally entitled to the equity instrument. The fair value of the services is determined by reference to the fair value of the equity instrument granted at the grant date.

The cumulative expense recognised for equity-settled transactions at each reporting date reflects the Group's best estimate of the number of equity instruments that will ultimately vest. The expense or credit in the statement of profit or loss for the financial year represents the movement in cumulative expense recognised as at the beginning and end of that financial year.

Service and non-market performance conditions are not taken into account when determining the grant date fair value of equity instrument, but the likelihood of the conditions being met is assessed as part of the Group's best estimate of the number of equity instruments that will ultimately vest.

2.8 Income tax

Income tax expense represents the sum of the tax currently payable and deferred tax.

Current income tax

The tax currently payable is based on taxable profit for the period. Taxable profit differs from profit reported as profit or loss because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are not taxable or tax deductible. The Group's liability for current tax is recognised at the amount expected to be paid or recovered from the tax authorities and is calculated using tax rates (and tax laws) that have been enacted or substantively enacted in countries where the Company and its subsidiaries operate by the end of the financial year.

Current income taxes are recognised in profit or loss, except to the extent that the tax relates to items recognised outside profit or loss, either in other comprehensive income or directly in equity.

Deferred tax

Deferred tax is recognised on all temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit, and is accounted for using the balance sheet liability method. Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2018

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.8 Income tax (Continued)

Deferred tax (Continued)

Deferred tax liabilities are recognised on taxable temporary differences arising on investments in subsidiaries and interests in joint arrangements, except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each financial year and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset realised based on the tax rates (and tax laws) that have been enacted or substantively enacted by the end of the financial year.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Group expects to recover or settle its assets and liabilities.

Unrecognised deferred tax assets are reassessed at the end of each financial year and are recognised to the extent that it has become probable that future taxable profits will be available against which the temporary differences can be utilised.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Group intends to settle its current tax assets and liabilities on a net basis.

Deferred tax is recognised in profit or loss, except when it relates to items recognised outside profit or loss, in which case the tax is also recognised either in other comprehensive income or directly in equity, or where it arises from the initial accounting for a business combination. Deferred tax arising from a business combination, is taken into account in calculating goodwill on acquisition.

Sales tax

Revenue, expenses and assets are recognised net of the amount of sales tax except:

- when the sales tax that is incurred on purchase of assets or services is not recoverable from the tax authorities, in which case the sales tax is recognised as part of cost of acquisition of the asset or as part of the expense item as applicable; and
- Receivables and payables that are stated with the amount of sales tax included.

The net amount of sales tax recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the statement of financial position.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2018

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.9 Foreign currency transactions and translation

In preparing the financial statements of the individual entities, transactions in currencies other than the entity's functional currency ("foreign currency") are recorded at the rates of exchange prevailing on the date of the transaction. At the end of each financial year, monetary items denominated in foreign currencies are re-translated at the rates prevailing as of the end of the financial year. Non-monetary items carried at fair value that are denominated in foreign currencies are re-translated at the rates prevailing on the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not re-translated.

Exchange differences arising on the settlements of monetary items and on re-translation of monetary items are included in profit or loss for the financial year. Exchange differences arising on the re-translation of non-monetary items carried at fair value are included in profit or loss for the financial year except for differences arising on the re-translation of non-monetary items in respect of which gains and losses are recognised directly in equity. For such non-monetary items, any exchange component of that gain or loss is also recognised directly in equity.

For the purpose of presenting consolidated financial statements, the assets and liabilities of the Group's foreign operations (including comparatives) are expressed in Singapore dollar using exchange rates prevailing at the end of the financial year. Income and expense items (including comparatives) are translated at the average exchange rates for the period, unless exchange rates fluctuated significantly during that period, in which case the exchange rates at the dates of the transactions are used. Exchange differences arising, if any, are classified as equity and transferred to the Group's foreign currency translation reserve.

On consolidation, exchange differences arising from the translation of the net investment in foreign entities (including monetary items that, in substance, form part of the net investment in foreign entities), are taken to the foreign currency translation reserve.

On disposal of a foreign operation, the accumulated foreign exchange reserve relating to that operation is reclassified to profit or loss.

Goodwill and fair value adjustments arising on the acquisition of a foreign operation are treated as assets and liabilities of the foreign operation and translated at the closing rate.

2.10 Property, plant and equipment

Property, plant and equipment are initially recorded at cost. Subsequent to initial recognition, property, plant and equipment are stated at cost less accumulated depreciation and impairment loss, if any.

The cost of property, plant and equipment includes its purchase price and any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Dismantlement, removal or restoration costs are included as part of the cost of property, plant and equipment if the obligation for dismantlement, removal or restoration is incurred as a consequence of acquiring or using the property, plant and equipment.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.10 Property, plant and equipment (Continued)

Subsequent expenditure relating to the property, plant and equipment that has already been recognised is added to the carrying amount of the asset when it is probable that the future economic benefits, in excess of the standard of performance of the asset before the expenditure was made, will flow to the Group, and the cost can be reliably measured. Other subsequent expenditure is recognised as an expense during the financial year in which it is incurred.

The gain or loss arising on disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

Depreciation is calculated using the straight-line method to allocate the depreciable amounts of the property, plant and equipment over their estimated useful lives as follows:

Leasehold buildings	20 years
Leasehold improvements	10 years
Machinery, furniture and equipment	3 to 6 years
Motor vehicles	4 years

Construction-in-progress, which represents direct cost incurred for construction of factory and office premises. No depreciation is charged on construction-in-progress as they are not yet in use.

The carrying values of property, plant and equipment are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable.

Assets held under finance leases are depreciated over their expected useful lives on the same basis as owned assets or, where shorter, the term of the relevant lease.

The residual values, estimated useful life and depreciation method are reviewed at the end of each reporting period to ensure that the residual values, period of depreciation and depreciation method are consistent with previous estimates and expected pattern of consumption of the future economic benefits embodied in the items of property, plant and equipment.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal.

Fully depreciated plant and equipment are retained in the financial statements until they are no longer in use.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.11 Intangible assets

Goodwill

Goodwill arising on the acquisition of a subsidiary represents the excess of the consideration transferred (see Note 2.3), the amount of any non-controlling interests in the acquiree and the acquisition date fair value of any previously held equity interest in the acquiree over the acquisition date fair value of the identifiable assets, liabilities and contingent liabilities of the subsidiary recognised at the date of acquisition. Goodwill on acquisition of subsidiaries prior to 1 January 2010 represents the excess of the cost of acquisition over the fair value of the Group's share of the identifiable net assets acquired.

Goodwill of subsidiaries is initially recognised as an asset at cost and is subsequently measured at cost less any accumulated impairment losses.

For the purpose of impairment testing, goodwill is allocated to each of the Group's cash-generating units expected to benefit from the synergies of the combination. Cash-generating units to which goodwill has been allocated are tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash-generating unit is less than the carrying amount of the unit, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro-rata on the basis of the carrying amount of each asset in the unit. An impairment loss recognised for goodwill is not reversed in a subsequent period.

On disposal of a subsidiary, the attributable amount of goodwill is included in the determination of the gain or loss on disposal.

Computer software

Acquired computer software are initially capitalised at cost which includes the purchase price (net of any discounts and rebates) and other directly attributable costs of preparing the software for its intended use. Direct expenditure which enhances or extends the performance of computer software beyond its specifications and which can be reliably measured is added to the original cost of the software. Costs associated with maintaining computer software are recognised as an expense as incurred.

Computer software are subsequently carried at cost less accumulated amortisation and accumulated impairment losses. These costs are amortised to profit or loss using the straight-line method over their estimated useful lives of 3 years.

2.12 Land use rights

Land use rights are initially recognised at cost. Following initial recognition, land use rights are measured at cost less accumulated amortisation and accumulated impairment loss. Land use rights are amortised over a lease term of 50 years.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2018

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.13 Exploration, evaluation and development assets ("EE&D")

Exploration and evaluation assets

Exploration and evaluation activity involves the search for oil and gas resources, the determination of technical feasibility and the assessment of the commercial viability of an identified resource. Costs incurred before the Group has obtained the legal rights to explore an area are recognised in profit or loss. Exploration and evaluation costs are capitalised in respect of each area of interest for which the rights to tenure are current and where:

- (i) the exploration and evaluation costs are expected to be recouped through successful development and exploitation of the area of interest; or alternatively, by its sale; or
- (ii) exploration and evaluation activities in the area of interest have not reached a stage which permits a reasonable assessment of the existence or otherwise of economically recoverable reserves, and active and significant operations in, or in relation to, the areas of interest are continuing.

Exploration and evaluation assets comprise costs that are directly attributable to: researching and analysing existing exploration data, gathering exploration data through topographical, geochemical and geophysical studies, exploratory drilling, trenching and sampling, determining and examining the volume and grade of the resource, examining and testing extraction and treatment methods, surveying transportation and infrastructure requirements, compiling pre-feasibility and feasibility studies and/or gaining access to areas of interest including occupancy and relocation compensation.

General and administrative costs are allocated to, and included in, the cost of exploration and evaluation assets only to the extent that those costs can be related directly to operational activities in the area of interest to which the exploration and evaluation asset relates. In all other cases, these costs are expensed as incurred.

Exploration and evaluation assets are transferred to development assets or oil and gas properties, when the technical feasibility and commercial viability of extracting the resource are demonstrable and sanctioned by management.

Exploration and evaluation assets are assessed for impairment when facts and circumstances suggest that the carrying amount of an exploration and evaluation asset may exceed its recoverable amount. If no potentially commercial oil and gas reserves are discovered, the exploration asset is written off as dry hole in profit or loss. If extractable oil and gas reserves are found and, subject to further appraisal activity (e.g., the drilling of additional wells), are likely to be capable of being commercially developed, the costs continue to be carried as an exploration and evaluation asset while sufficient/continued progress is made in assessing the commerciality of the oil and gas reserves.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2018

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.13 Exploration, evaluation and development assets ("EE&D") (Continued)

Development assets

Development assets are incurred within an area of interest as a component of a commercial development phase only upon commitment to a commercial development.

Expenditure on the construction, installation or completion of infrastructure facilities such as platforms, pipelines and the drilling of development wells, including unsuccessful development on delineation wells, is capitalised within Development assets.

Depletion is not charged on costs carried in respect of areas of interest in the development phase until production commences. When production commences, carried forward development expenditure are transferred to oil and gas properties (Note 2.14).

Development assets are reviewed for impairment in accordance with the Group's accounting policy on impairment of non-financial assets as set out in Note 2.16 to these financial statements.

2.14 Oil and gas properties

Oil and gas properties are initially recorded at cost. Subsequent to initial recognition, oil and gas properties are stated at cost less accumulated depletion and impairment losses, if any.

Subsequent expenditure relating to the asset that has already been recognised is added to the carrying amount of the asset when it is probable that the future economic benefits, in excess of the standard of performance of the asset before the expenditure was made, will flow to the Group, and the cost can be reliably measured. Other subsequent expenditure is recognised as an expense during the financial year in which it is incurred.

Oil and gas properties are depleted on a unit-of-production method by reference to the ratio of production in the period and the related commercial reserve of the field.

2.15 Investment in joint arrangement

The Group is a party to a joint arrangement when there is a contractual arrangement that confers joint control over the relevant activities of the arrangement to the group and at least one other party. Joint control is assessed under the same principles as control over subsidiaries.

The Group classifies its interests in joint arrangements as either:

- *Joint ventures* : where the Group has rights to only the net assets of the joint arrangement
- *Joint operations* : where the Group has both the rights to assets and obligations for the liabilities of the joint arrangement.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2018

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.15 Investment in joint arrangement (Continued)

In assessing the classification of interests in joint arrangements, the Group considers:

- The structure of the joint arrangement
- The legal form of joint arrangements structured through a separate vehicle
- The contractual terms of the joint arrangement agreement
- Any other facts and circumstances (including any other contractual arrangements).

Joint operation

The Group recognises in relation to its interest in a joint operation:

- (a) its assets, including its share of any assets held jointly;
- (b) its liabilities, including its share of any liabilities incurred jointly;
- (c) its revenue from the sale of its share of the output arising from the joint operation;
- (d) its share of the revenue from the sale of the output by the joint operation; and
- (e) its expenses, including its share of any expenses incurred jointly.

The accounting policies of the assets, liabilities, revenues and expenses relating to the Group's interest in a joint operation have been changed where necessary to ensure consistency with the accounting policies adopted by the Group.

Joint venture

The Group's interest in joint venture is accounted for using the equity method. Under the equity method, the investment in joint venture is carried in the statements of financial position at cost plus post-acquisition changes in the Group's share in net assets of the joint venture. The share of results of the joint venture is recognised in profit or loss. After application of the equity method, the Group determines whether it is necessary to recognise any additional impairment loss with respect to the Group's net investment in the joint venture.

The Group's share of results and reserves of joint venture acquired or disposed of are included in the financial statements from the date of acquisition up to the date of disposal or cessation of joint control over the relevant activities of the arrangements.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2018

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.16 Impairment of non-financial assets excluding goodwill and exploration and evaluation assets

At the end of each reporting period, the Group reviews the carrying amounts of its non-financial assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment losses (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment annually, and whenever there is an indication that the asset may be impaired.

The recoverable amount of an asset or cash-generating unit is the higher of its fair value less costs to sell and its value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

Where an impairment loss subsequently reverses, the carrying amount of the asset (cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised immediately in profit or loss.

2.17 Financial instruments

Financial assets and financial liabilities are recognised on the statements of financial position when the Group and the Company becomes a party to the contractual provisions of the instrument.

Financial assets

The Group classifies its financial assets into one category, at amortised cost, depending on the Group's business model for managing the financial assets as well as the contractual terms of the cash flows of the financial asset. The Group shall reclassify its affected financial assets when and only when the Group changes its business model for managing these financial assets. The Group's accounting policy for financial assets at amortised cost is as follows:

Amortised cost

These assets arise principally from the provision of goods and services to customers (e.g. trade receivables), but also incorporate other types of financial assets where the objective is to hold these assets in order to collect contractual cash flows and the contractual cash flows are solely payments of principal and interest. They are initially recognised at fair value plus transaction costs that are directly attributable to their acquisition or issue, and are subsequently carried at amortised cost using the effective interest rate method, less provision for impairment. Interest income from these financial assets is included in interest income using the effective interest rate method.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2018

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.17 Financial instruments (Continued)

Financial assets (Continued)

Amortised cost (Continued)

Impairment provisions for trade receivables are recognised based on the simplified approach within SFRS(I) 9 using the provision matrix to determine the lifetime expected credit losses. For trade receivables, which are reported net, such provisions are recorded in a separate provision account with the loss being recognised within administrative expenses in the consolidated statement of comprehensive income. On confirmation that the trade receivables will not be collectable, the gross carrying value of the asset is written off against the associated provision.

Impairment provisions for other receivables, short-term investments, bank deposits and receivables from or loans to related parties are recognised based on a forward looking expected credit loss model. The methodology used to determine the amount of the provision is based on whether at each reporting date, there has been a significant increase in credit risk since initial recognition of the financial asset. For those where the credit risk has not increased significantly since initial recognition of the financial asset, twelve month expected credit losses along with gross interest income are recognised. For those for which credit risk has increased significantly, lifetime expected credit losses along with the gross interest income are recognised. For those that are determined to be credit impaired, lifetime expected credit losses along with interest income on a net basis are recognised.

From time to time, the Group elects to renegotiate the terms of trade receivables due from customers with which it has previously had a good trading history. Such renegotiations will lead to changes in the timing of payments rather than changes to the amounts owed and, in consequence, the new expected cash flows are discounted at the original effective interest rate and any resulting difference to the carrying value is recognised in the consolidated statement of comprehensive income (operating profit).

The Group's financial assets measured at amortised cost comprise trade and other receivables, short-term investments, pledged deposits and cash and bank balances in the consolidated statement of financial position.

Derecognition of financial assets

The Group derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity.

On derecognition, any difference between the carrying amount and the sum of proceeds received and amounts previously recognised in other comprehensive income is recognised in profit or loss.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2018

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.17 Financial instruments (Continued)

Accounting policy for financial assets prior to 1 January 2018

Financial assets are recognised on the statements of financial position when the Group becomes a party to the contractual provisions of the instrument.

Financial assets

All financial assets are recognised on a trade date where the purchase of a financial asset is under a contract whose terms require delivery of the financial asset within the timeframe established by the market concerned, and are initially measured at fair value, plus transaction costs, except for those financial assets classified as at fair value through profit or loss, which are initially measured at fair value.

The Group classifies its financial assets as loans and receivables. The classification depends on the nature and purpose of these financial assets and is determined at the time of initial recognition.

Loans and receivables

Non-derivatives financial assets (trade receivables, other receivables and deposits, amount due from subsidiaries, short-term investments and cash and bank balances that have fixed or determinable payments) that are not quoted in active market are classified as "loans and receivables". Loans and receivables are measured at amortised cost, where applicable, using the effective interest method less impairment. Interest is recognised by applying the effective interest method, except for short-term receivables when the recognition of interest would be immaterial.

Impairment of financial assets

Financial assets are assessed for indicators of impairment at the end of each reporting period. Financial assets are impaired where there is objective evidence that, as a result of one or more events that occurred after the initial recognition of the financial asset, the estimated future cash flows of the investment have been impacted.

For financial assets carried at amortised cost, the amount of the impairment is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the original effective interest rate.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2018

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.17 Financial instruments (Continued)

Accounting policy for financial assets prior to 1 January 2018 (Continued)

Impairment of financial assets (Continued)

The carrying amounts of all financial assets are reduced by the impairment losses directly with the exception of trade receivables where the carrying amounts are reduced through the use of an allowance account. Changes in the carrying amount of the allowance account are recognised in profit or loss.

If, in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment loss was recognised, the previously recognised impairment loss is reversed through profit or loss to the extent the carrying amount of the asset at the date the impairment is reversed does not exceed what the amortised cost would have been had the impairment not been recognised.

Financial liabilities and equity instruments

Classification as debt or equity

Financial liabilities and equity instruments issued by the Group are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Group after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs. The Group classified ordinary shares as equity instruments.

Equity-settled share-based payment transactions with parties other than employees are measured at the fair value of the goods or services received, except where that fair value cannot be estimated reliably, in which case they are measured at the fair value of the equity instruments granted, measured at the date the entity obtains the goods or the counterparty renders the services.

Financial liabilities

Financial liabilities are classified as other financial liabilities.

Other financial liabilities

Other financial liabilities (trade payables, other payables and accruals, due to subsidiaries and loan and borrowings) are initially measured at fair value, net of transaction costs, and are subsequently measured at amortised cost, where applicable, using the effective interest method, with interest expense recognised on an effective yield basis.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2018

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.17 Financial instruments (Continued)

Financial liabilities and equity instruments (Continued)

Derecognition of financial liabilities

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or they expired. On derecognition of a financial liability, the difference between the carrying amount and the consideration paid is recognised in profit or loss.

2.18 Inventories

Inventories are stated at the lower of cost and net realisable value.

Cost is determined using the first-in, first-out method. Costs include all costs of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. In the case of work-in-progress and manufactured products, costs include materials, direct labour and an appropriate proportion of production overhead expenditure.

Net realisable value is the estimated selling price at which the inventories can be realised in the normal course of business after allowing for the costs of realisation. Allowance is made for obsolete, slow moving and defective inventories.

2.19 Cash and bank balances

Cash and bank balances consist of cash on hand, cash and deposits with banks and financial institutions. Cash and bank balances are short-term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. For the purposes of the statements of cash flows, cash and cash equivalents excludes pledged deposits.

2.20 Leases

When the Group is the lessee of a finance lease

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards incidental to ownership of the leased assets to the lessee. All other leases are classified as operating leases.

Assets held under finance leases are recognised as assets of the Group at their fair value at the inception of the lease or, if lower, at the present value of the minimum lease payments. The corresponding liability to the lessor is included in the statement of financial position as a finance lease obligation. Lease payments are apportioned between finance charges and reduction of the lease obligation so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are charged directly to profit or loss in accordance with the Group's accounting policy on finance costs.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2018

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.20 Leases (Continued)

When the Group is the lessee of an operating lease

Rentals payable under operating leases are charged to profit or loss on a straight-line basis over the term of the relevant lease. Benefits received or receivable as an incentive to enter into an operating lease are also spread on a straight-line basis over the lease term.

When the Group is the lessor of an operating lease

Leases where the Group and the Company retain substantially all risks and rewards incidental to the ownership are classified as operating leases.

Assets leased out under operating leases are included in property, plant and equipment.

2.21 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker. The chief operating decision-maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the group of executive directors and the chief executive officer who make strategic decisions.

2.22 Government grants

Government grants are recognised at their fair value where there is reasonable assurance that the grant will be received and all attaching conditions will be complied with. Where the grant relates to an asset, the fair value is recognised as deferred capital grant on the statement of financial position and is amortised to profit or loss over the expected useful life of the relevant asset by equal annual instalment. Government grants relating to expenses are shown separately as other income.

2.23 Dividends

Equity dividends are recognised when they become legally payable. Interim dividends are recorded in the financial year in which they are declared payable. Final dividends are recorded in the financial year in which dividends are approved by shareholders.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2018

3. CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

In the application of the Group's and the Company's accounting policies, which are described in Note 2 in the financial statements, the management made judgements, estimates and assumptions about the carrying amounts of assets and liabilities that were not readily apparent from other sources. The estimates and associated assumptions were based on historical experience and other factors that were considered to be reasonable under the circumstances. Actual results may differ from these estimates.

These estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Critical judgements in applying the Group's and the Company's accounting policies

In the process of applying the Group's and the Company's accounting policies, the management is of the opinion that there are no critical judgements involved that have a significant effect on the amounts recognised in the financial statements except as discussed below.

(i) Exploration and evaluation assets

The Group's accounting policy for exploration and evaluation assets requires judgement to determine whether future economic benefits are likely, from either exploitation or sale in future, or whether activities have not reached a stage which permits a reasonable assessment of the existence of reserves. The estimation process to determine the reserves and resources requires varying degrees of uncertainty depending on how the resources are classified. These estimates directly impact when the Group defers exploration and evaluation expenditure. The deferral policy requires management to make certain estimates and assumptions as to future events and circumstances, in particular, whether an economically viable extraction operation can be established. Any such estimates and assumptions may change as new information becomes available. If, after expenditure is capitalised, information becomes available suggesting that the recovery of the expenditure is unlikely, the relevant capitalised amount is written off in profit or loss in the period when the new information becomes available.

(ii) Consolidation of P.T. Sarana GSS Trembul ("PTSGT")

The Group has exercised significant judgement to determine PTSGT as a subsidiary of the Group and consolidate 89% of its economic interest in the subsidiary even though the Group has only 49% current ownership interest. Information about the critical judgements made in reaching this conclusion have been disclosed in Note 18 to the financial statements.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2018

3. CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY (CONTINUED)

Key sources of estimation uncertainty

The key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities and the reported amounts of revenue and expenses within the next financial year are discussed below.

(i) Net realisable value of inventories

The management reviews the inventory aging analysis at the end of each reporting period, and writes down the value of the inventories to its net realisable value, where applicable. The management estimates the net realisable value for such inventories based primarily on the latest invoice prices and current market condition. The carrying amount of the Group's inventories at the end of the financial year was \$11,829,000 (31 December 2017: \$10,003,000, 1 January 2017: \$6,490,000).

(ii) Defined benefit plan

The costs, assets and liabilities of the defined benefit plan operating by the Group are determined using methods relying on actuarial estimates and assumptions. Details of the key assumptions are set out in Note 30 to the financial statements. The Group takes advice from independent actuaries relating to the appropriateness of the assumptions. Changes in the assumptions used may have a significant effect on the consolidated statement of comprehensive income and the consolidated statement of financial position. The carrying amounts of the Group's defined benefit plan at the end of the financial year was \$1,324,000 (31 December 2017: \$1,208,000, 1 January 2017: \$1,120,000).

4. REVENUE

Disaggregation of revenue

The Group has disaggregated revenue into various categorical in the following table which is intended to:

- depict how the nature, amount, timing and uncertainty of revenue and cash flows are affected by economic date; and
- enable users to understand the relationship with revenue segment information provided in Note 35 to the financial statements.

11. INCOME TAX EXPENSE

Major components of income tax expense for the financial year are:

	Group	
	2018 \$'000	2017 \$'000
Current income tax		
- current year	957	1,870
- overprovision in prior year	(209)	(91)
	748	1,779

Reconciliation of effective tax rate

Domestic income tax is calculated at 17% (2017: 17%) of the estimated assessable profit for the financial year. Taxation for other jurisdictions is calculated at the rates prevailing in the relevant jurisdictions.

The income tax expenses varied from the amount of income tax expense determined by applying the Singapore income tax rate of 17% to profit before income tax as a result of the following differences:

	Group	
	2018 \$'000	2017 \$'000
Profit before income tax	2,875	5,993
Income tax at the applicable tax rate of 17%	488	1,019
Tax effect of:		
- Income not taxable for income tax purposes	(155)	(310)
- Expenses not deductible for income tax purposes	208	736
Effect of different tax rates of overseas operations	259	520
Utilisation of deferred tax assets previously not recognised	(17)	(334)

Overprovision of unrecognised deferred tax assets in prior year	(235)	(70)
At end of financial year	<u>350</u>	<u>534</u>

Unrecognised deferred tax assets are attributable to:

	Group	
	2018 \$'000	2017 \$'000
Unabsorbed capital allowances on plant and equipment	27	33
Provisions	64	47
Unutilised tax losses	259	454
	<u>350</u>	<u>534</u>

At the end of the financial year, the Group had unutilised tax losses of approximately \$1,519,000 (31 December 2017: \$2,672,000, 1 January 2017: \$3,638,000) which is available for set-off against future taxable profits. These deferred tax assets have not been recognised as there is no certainty that there will be sufficient future taxable profits to realise these future benefits. Accordingly, these deferred tax assets have not been recognised in the financial statements in accordance with the accounting policy in Note 2.8 to the financial statements.

The realisation of the future income tax benefits from unutilised tax loss and temporary differences from unabsorbed capital allowances is available for an unlimited future period and subject to the conditions imposed by law including the retention of majority shareholders as defined.

At the end of the financial year, the aggregate amount of temporary differences associated with undistributed earnings of subsidiaries for which deferred tax liabilities have not been recognised amounted to \$1,176,000 (31 December 2017: \$1,455,000, 1 January 2017: \$884,000). No liability has been recognised in respect of these differences because the Group is in a position to control the timing of the reversal of the temporary differences and it is probable that such differences will not reverse in the foreseeable future.

13. EARNINGS PER SHARE (CENTS)

Basic earnings per share is calculated by dividing net profit for the financial year attributable to the owners of the parent by the weighted average number of ordinary shares in issue during the financial year. For the calculation of diluted earnings per share, the profit for the year attributable to the owners of the parent and the weighted average number of ordinary shares are adjusted for the effects of dilutive potential ordinary shares assuming all options have been converted or exercised.

The calculation of the basic and diluted earnings per share attributable to the ordinary equity holders of the Company is based on the following data:

(1) The Group through its wholly-owned subsidiary, GSS Energy Sumatra Limited ("GESL"), entered into an Investment Agreement between Ramba Energy West Jambi Limited ("REWJ") and Ramba Energy Exploration Limited ("REEL") to fund drilling cost for exploration of 2 wells in West Jambi, Sumatra, Indonesia up to US\$6.0 million for a period up to 30 September 2018.

During the financial year, the Group carried out an impairment assessment of the recoverable amount of West Jambi project in the oil and gas segment. The exploration and drilling right expired on 30 September 2018 and has not been formally extended. The Group has not been provided with budget or future plan of the project. In view of the uncertainty surrounding the project, the Group has fully impaired the investment cost and recognised impairment loss of \$2,999,000 in other expenses. The recoverable amount of the investment has been determined to be \$Nil, on the basis of fair value less cost of disposal.

17. EXPLORATION AND EVALUATION ASSETS (CONTINUED)

- (2) The Group's Indonesia-incorporated subsidiary, P.T. Sarana GSS Trembul ("PTSGT") has entered into an Operations Cooperation (Kerja Sama Operasi) Agreement with P.T. Pertamina EP ("Pertamina") to assist Pertamina in the production of petroleum in Trembul Operation Area, situated within Blora Regency in Central Java Province, Indonesia. The agreement is for a period of 15 years since 2015.

The Group has committed to a work programme amounting to US\$7,858,000 for initial commitment period of 3 years.

The total cost incurred that directly attributable to the exploration and evaluation activities will subsequently be transferred to oil and gas properties upon commencement of production.

Based on the Group's assessment on the relevant permit in the area of interest, financing arrangement and the future plan for the project, there are no facts and circumstances to suggest that the carrying amount of an exploration and evaluation asset may exceed its recoverable amount.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2018

18. INVESTMENT IN SUBSIDIARIES (CONTINUED)

P.T. Sarana GSS Trembul

In the previous financial year, the Company's subsidiary, GSS Energy Trembul Limited. ("GETL") and P.T. Sarana Pembangunan Jawa Tengah ("SPJT") incorporated a subsidiary, P.T. Sarana GSS Trembul ("PTSGT") in Indonesia with a registered and fully-paid up share capital of IDR2,520,000,000 (equivalent to \$270,000). GETL holds 49% of the registered share capital of PTSGT. However, GETL provided financing for the remaining 51% shares held by SPJT. Additionally, based on the contractual arrangement entered between the Group and SPJT, the Group has majority seats on the Board of Directors and Commissioners of PTSGT, to control and direct the relevant activities of PTSGT. The Group is also fully responsible for daily operation of PTSGT including management, financing activities and human resources. The working capital of PTSGT will be financed by the Group in several tranches up to IDR210 billion (equivalent to \$23 million) for a period of 3 years. The financing provided by the Group will be secured by 40% equity interest in PTSGT pledged by SPJT and the loan amount including interest charged will be mandatorily converted into a fixed number of new shares in PTSGT ("Mandatory Conversion Shares") upon completion of the 3 years commitment period. After the conversion, the Group will directly own 89% equity interest in PTSGT. Management have determined that the above arrangements allow the Group to control PTSGT and have effectively given the Group 89% economic interest in PTSGT since 2016. This is considered an in-substance current ownership interest of 89% and therefore the Group consolidates PTSGT as a subsidiary with an 11% interest attributed to non-controlling interest.

Incorporation of new subsidiaries

- (i) On 5 July 2018, the Company's subsidiary, Giken Sakata (S) Limited, incorporated I-Motor Asia Limited., a partially-owned subsidiary in the British Virgin Islands with initial issued and paid-up share capital of US\$200.
- (ii) On 3 September 2018, the Company's subsidiary, Giken Sakata (S) Limited ("Giken"), incorporated Eastern Giken International Co. Limited, a partially-owned subsidiary in Hong Kong with initial issued and paid-up share capital of HK\$10,000.
- (iii) On 23 March 2018, the Company's subsidiary, Giken Sakata (S) Limited, incorporated PT Gading Prima Indo, a wholly-owned subsidiary in Indonesia with initial issued and paid-up share capital of IDR500,000,000.

Acquisition of the residual interest in a joint venture and transaction with a non-controlling interest

On 15 February 2017, the Company acquired the residual interest in a Singapore incorporated joint venture company, GSS-AFCO Pte Ltd ("GSS-AFCO") as disclosed in Note 19 to the financial statements for a consideration of \$40,000. Consequent to the acquisition, the GSS-AFCO ceased to be a joint venture company and become a wholly-owned subsidiary of the Company. It was renamed to Nusantara Resources Pte. Ltd. ("Nusantara"). The fair value of the identifiable asset and liabilities of Nusantara as at the date of acquisition were:

The non-current balances due from subsidiaries are non-trade in nature, unsecured and non-interest bearing. As the amount was, in substance, a part of the Company's net investment in subsidiaries, it was stated at cost less impairment.

During the financial year, the Group carried out a review of the recoverable amount due from a subsidiary that has investment in West Jambi project in the oil and gas segment. As a result of the expiry of the exploration and drilling right and it has not been formally extended, and the Group has not been provided with budget or future plan for the project, this has led to the recognition of an impairment loss of \$3,132,000 that has been recognised in profit or loss. The recoverable amount of the amount due from the subsidiary has been determined to be \$Nil.

The current balance due from a subsidiary is non-trade in nature, unsecured, non-interest bearing, repayable on demand and settle in cash. It is considered to be a low credit risk and subject to immaterial credit loss.

Past due over 90 days	401	89	9
	24,356	24,763	18,908

The Group applies simplified approach and uses provision matrix to measure the lifetime expected credit loss allowance for trade receivables. In determining the expected credit losses on a collective basis, trade receivables are grouped based on similar credit risk and aging. The Group considers the historical customers' payment profile of respective countries, past due status of the receivables, historical loss rate and adjusts to reflect current and forward-looking macroeconomic factors affecting the ability of the customers of respective countries to settle the receivables. The Group has identified the country risk in which it sells goods and services to be the most relevant factor and the historical loss rates is adjusted accordingly based on the expected changes in this factor.

Trade receivables are in default if the debtor fail to make contractual payment when they fall due. Trade receivables are written off when there is no reasonable expectation of recovery, such as the debtor is in severe financial difficulty. Where receivables are written off, the company continues to engage in enforcement activity to attempt to recover the receivables due. Where recoveries are made, these are recognised in profit or loss.

Based on the above assessment, the Group has concluded that the trade receivables are subject to immaterial expected credit loss and as such no lifetime expected credit loss has been recognised for these receivables. Accordingly the loss allowance is not adjusted to the trade receivables.

Trade receivables are denominated in the following currencies:

Employee service entitlement benefits

The Group has defined benefit plan (the "Plan") and made provision for employee benefits for all its permanent employees of subsidiaries as required under the Labour Law No. 13/2003, Indonesia. The number of employees entitled to the benefits as at 31 December 2018 is 251 (31 December 2017: 268, 1 January 2017: 253).

The Plan is funded by P.T. Giken Precision Indonesia ("GPI") contribute a certain percentage of employee salaries to P.T. Asuransi Jiwa Manulife Indonesia ("Manulife"). The fund is administered by Manulife.

The Plan is exposed to a number of risks:

- (i) Investment risk : movement of discount rate used for defined benefit obligation;
- (ii) Salary risk : increase in future salaries increasing the gross defined benefit obligation;
- (iii) Interest rate risk : decrease/increase in the discount rate used will increase/decrease the defined benefits obligation; and
- (iv) Longevity risk : changes in the estimation of mortality rates of current and former employee.

In 2019, the Group expects to contribute \$90,000 into the Plan.

The provision for employee benefits is calculated by an external independent actuary, PT Tama Aktuarial (31 December 2017: PT Binaputera Jaga Hikmah, 1 January 2017: PT Tama Aktuarial Nusantara) using the "Projected Unit Credit Method".

The principal actuarial assumptions used in determining the present value of the defined employee benefits include:

35. SEGMENT INFORMATION

Management has determined the operating segments based on the reports reviewed by the chief operating decision-maker. A segment is a distinguishable component of the Group that is engaged either in providing products or services (business segment), or in providing products or services within a particular economic environment (geographical segment), which is subject to risks and rewards that are different from those of other segments.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2018

35. SEGMENT INFORMATION (CONTINUED)

Management monitors the operating results of its business units separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on operation profit or loss which is similar to the accounting profit or loss.

Income taxes are managed by the management of respective entities within the Group.

The accounting policies of the operating segments are the same as those described in the summary of significant accounting policies. There is no asymmetrical allocation to reportable segments. Management evaluates performance on the basis of profit or loss from operation before tax expense not including interest income and interest expenses and share of results of equity accounted joint venture.

There is no change from prior periods in the measurement methods used to determine reported segment profit or loss.

The Group accounts for intersegment sales and transfers as if the sales or transfers were to third parties, which approximate market prices. These intersegment transactions are eliminated on consolidation.

Segment results, assets and liabilities include items directly attributable to a segment as well as those that can be allocated on a reasonable basis.

The Group's reportable segments are organised on a regional basis into three main operating businesses, namely:

- Mechanisms division
- Microshafts division
- Oil extraction

Mechanisms division provides advanced production technology to multi-national manufacturers in the field of home and car audio entertainment, communication, computer and office automation industries and medical industries.

Microshafts division concentrates on the manufacturing of high precision shafts.

Oil extraction represent the operation of drilling and distribution of oil in Indonesia.

Other operations include marketing and provision of sales support services.

36. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Group is exposed to financial risks arising from its operations and the use of financial instruments. The key financial risks include credit risk, foreign currency risk and liquidity risk. The Board of Directors reviews and approves policies and procedures for the management of these risks, which are executed by the Chief Executive Officer, Executive Director and Chief Financial Officer. The Audit Committee provides independent oversight to the effectiveness of the risk management process. It is, and has been throughout the current and previous reporting period, the Group's policy that no derivatives shall be undertaken. The Group and the Company do not apply hedge accounting.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2018

36. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

The following sections provide details regarding the Group's exposure to the above-mentioned financial risks and the objectives, policies and processes for the management of these risks.

There have been no changes to the Group's exposure to these financial risks or the manner in which it manages and measures the risk. Market risk exposures are measured using sensitivity analysis as indicated below.

36.1 Credit risk

Credit risk is the risk of loss that may arise on outstanding financial instruments should a counterparty default on its obligations. The Group's exposure to credit risk arises primarily from trade and other receivables. For other financial assets (including cash and bank balances), the Group and the Company minimise credit risk by dealing exclusively with high credit rating counterparties.

The Group's objective is to seek continual revenue growth while minimising losses incurred due to increased credit risk exposure. The Group trades only with recognised and creditworthy third parties. It is the Group's policy that all customers who wish to trade on credit terms are subject to credit verification procedures. In addition, receivable balances are monitored on an ongoing basis with the result that the Group's exposure to credit risk is not significant. For transactions that do not occur in the country of the relevant operating unit, the Group does not offer credit terms without the approval of the Chief Financial Officer.

As at 31 December 2018, the Group does not have any significant credit exposure to any single counterparty or any group of counterparties having similar characteristics except for 16 (2017: 13) customers altogether accounted for 84% (2017: 84%) of trade receivables.

The Group's major classes of financial assets are bank deposits, trade receivables and short-term investments. Bank deposits and short-term investments are mainly deposits or investments with reputable banks, which are rated "BB" to "AA" based on Standard & Poor's rating.

Impairment of cash and bank balance, pledged deposits and short-term investments are measured based on 12-month expected credit loss model. As the reporting date, the Group and the Company did not expect any credit losses from non-performance by the counterparties.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2018

36. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

36.1 Credit risk (Continued)

As the Group and the Company do not hold any collateral, the maximum exposure to credit risk is represented by the carrying amount of each class of financial assets recognised in the financial statements, except for the following:

	Company		
	31 December 2018	2017	1 January 2017
	\$'000	\$'000	\$'000
Corporate guarantees provided to banking facilities of a subsidiary (Note 39)	-	-	-

These corporate guarantees are subject to the impairment requirement of SFRS(I) 9. The Company has assessed that its subsidiaries have strong financial capacity to meet the contractual cash flow obligations in the near future and hence, does not expect significant credit losses arising from these guarantees.

For amount due from subsidiaries (Note 21), Board of Directors has taken into account information that it has available internally about these subsidiaries' past, current and expected operating performance and cash flow position. Board of Directors monitors and assess at each reporting date on any indicator of significant increase in credit risk on the amount due from the respective subsidiaries, by considering their performance ratio and any default in external debts. The risk of default is considered to be minimal as these subsidiaries have sufficient liquid assets and cash to repay their debts. Therefore, amount due from subsidiaries has been measured based on 12-month expected credit loss model and subject to immaterial credit loss.

In the previous financial year under previous accounting policy, trade receivables that were neither past due nor impaired were substantially companies with good collection track record with the Group was provided in Note 23 to the financial statements.

36.2 Market risk

Foreign currency risk

The Group are exposed to foreign currency risk on transactions and balances that are denominated in a currency other than the respective functional currencies of Group entities. The currencies giving rise to this risk are primarily United States dollar (USD), Indonesian rupiah (IDR), Euro (Euro) and Japanese yen (YEN).

The carrying amounts of the Group's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows:

Foreign currency sensitivity analysis

The following table details the sensitivity to a percentage increase and decrease in the respective functional currencies against the relevant foreign currencies. It indicates the sensitivity rate used when reporting foreign currency risk internally to key management personnel and represents management's assessment of the possible change in foreign exchange rates. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the end of the reporting period for the percentage change in foreign currency rates.

If the functional currency changes against the following foreign currencies by 5% (31 December 2017: 5%, 1 January 2017: 5%) each respectively at the end of the reporting period, assuming that all other variables held constant, the effects arising from the net financial asset position for the Group and of the Company will be as follows:

36.3 Liquidity risk

Liquidity risk is the risk that the Group will encounter difficulty in meeting financial obligations due to shortage of funds. The Group's exposure to liquidity risk arises primarily from mismatches of the maturities of financial assets and liabilities. The Group's and the Company's objective is to maintain a balance between continuity of funding and flexibility through the use of stand-by credit facilities.

36.4 Capital management policy

The Group and the Company manage their capital to ensure the Group and the Company maintain an optimal capital structure so as to support its business and maximise shareholder value. To achieve this objective, the Group and the Company may make adjustments to their capital structure in view of changes in economic conditions, such as adjusting the amount of dividend payment, returning capital to shareholders or issuing new shares.

The Group and the Company manage their capital based on gearing ratio. The Group's and the Company's strategies were unchanged from 2017. The gearing ratio is calculated as net debt divided by total capital. Net debt is calculated as loan and borrowings plus trade and other payables less cash and bank balances. Total capital is calculated as equity plus net debt.

As disclosed in Note 32 to the financial statements, a subsidiary of the Group is required by the Foreign Enterprise Law of the PRC to contribute to and maintain a non-distributable statutory reserve fund whose utilisation is subject to approval by the relevant PRC authorities.

The Group and the Company are in compliance with the above externally imposed capital requirements at the end of each reporting period.

36.5 Fair values of financial assets and financial liabilities

The carrying amounts of cash and bank balances, trade and other current receivables and payables approximate their respective fair values due to the relative short term maturity of these financial instruments. The fair values of non-current liabilities in relation to finance lease payable is disclosed in Notes 29 to the financial statements.

The carrying amounts of financial assets and financial liabilities recorded at amortised costs, which approximate their fair value, are detailed in the following table.

Fair value hierarchy

The Group and the Company classifies fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Level 1 - the fair values of financial assets and financial liabilities with standard terms and conditions and which trade in active liquid markets are determined with reference to quoted market prices;
- Level 2 - in the absence of quoted market prices, the fair values of the other financial assets and financial liabilities (excluding derivative instruments) are determined using the other observable inputs such as quoted prices for similar assets/liabilities in active markets, quoted prices for identical or similar assets/liabilities in non-active markets or inputs other than quoted prices that are observable for the asset or liability;
- Level 3 - in the absence of observable inputs, the fair values of the remaining financial assets and financial liabilities (excluding derivatives instruments) are determined in accordance with generally accepted pricing models; and
- The fair value of derivative instruments are calculated using quoted prices (Level 1 of fair value hierarchy). Where such prices are unavailable, discounted cash flow analysis is used, based on the applicable yield curve of the duration of the instruments for non-optional derivatives, and option pricing models for optional derivatives (Level 3 of fair value hierarchy).

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2018

37. DIVIDENDS

The Company did not recommend any dividend in respect of the financial year ended 31 December 2018.

38. CAPITAL COMMITMENTS

Capital commitments contracted for at the end of the financial year but not recognised in the financial statements were as follows:

	Group		1 January 2017 \$'000
	31 December 2018 \$'000	2017 \$'000	
Property, plant and equipment	8,036	1,432	-

	8,036	9,544	1,385

39. CONTINGENT LIABILITIES, UNSECURED

At each reporting date, the total amount of loans outstanding due from a subsidiary is covered by the corporate guarantees provided by the company amounting to \$3,897,000 (31 December 2017: \$1,668,000, 1 January 2017: \$Nil). Such guarantees are in the form of a financial guarantee as they require the Company to reimburse the respective banks if the respective subsidiaries to which the guarantees were extended fail to make principal or interest repayments when due in accordance with the terms of the borrowings. There has been no default or non-repayment since the utilisation of the banking facility.

40. AUTHORISATION OF FINANCIAL STATEMENTS

The consolidated financial statements of the Group for the financial year ended 31 December 2018, the statement of financial position of the Company as at 31 December 2018 and the statement of changes in equity of the Company for the financial year ended 31 December 2018 were authorised for issue by the Board of Directors on 28 March 2019.

(Resolution 5)

NOTICE OF ANNUAL GENERAL MEETING

7. Authority to grant share options, allot and issue shares under GSS Energy Limited Executives' Share Option Scheme and GSS Energy Limited 2018 Executives' Share Option Scheme

That the Directors of the Company be and are hereby authorised, pursuant to Section 161 of the Companies Act, Cap. 50, to offer and grant options ("**Options**") in accordance with the GSS Energy Limited Executives' Share Option Scheme (the "**GEL Scheme**") and GSS Energy Limited 2018 Executives' Share Option Scheme (the "**GEL 2018 Scheme**") (collective known as "**GEL Schemes**"), and to allot and issue from time to time such number of shares as may be required to be issued pursuant to the exercise of the options granted or to be granted under the GEL Schemes and to do all such acts and things as may be necessary or expedient to carry the same into effect, provided always that:

- (a) the aggregate number of shares over which Options may be granted on any date (when added to the number of shares issued and/or are issuable upon the exercise of the Options and the number of shares issued and/or issuable in respect of all shares, options or awards granted under any other share option or share scheme of the Company then in force (if any)) shall not exceed fifteen per cent (15%) of the total number of the total issued share capital of the Company (excluding treasury shares and subsidiary holdings) of the Company on the day preceding that date; and
- (b) the aggregate number of shares to be offered to certain participants collectively and individually during the duration of the GEL Schemes (subject to adjustments, if any, made under the GEL Schemes) shall not exceed such limits or (as the case may be) sub-limits as may be prescribed in the GEL Schemes.

(See Explanatory Note 4)

(Resolution 6)

8. The proposed renewal of the Share Buy-Back Mandate

That:

- (a) pursuant to Section 76C and 76E of the Companies Act, Cap. 50 (the "**Act**"), and Part XI of Chapter 8 of the Listing Manual Section B: Rules of Catalist (the "**Catalist Rules**") of the Singapore Exchange Securities Trading Limited ("**SGX-ST**"), the Directors of the Company be authorized and empowered to purchase or otherwise acquire issued ordinary shares in the capital of the Company ("**Shares**") not exceeding in aggregate the Maximum Limit (as hereafter defined), at such price or prices as may be determined by the Directors of the Company from time to time up to the Maximum Price (as hereafter defined), whether by way of:
 - (i) on-market purchases through the ready market of the SGX-ST or, as the case may be, any other stock exchange on which the Shares may for the time being be listed and quoted ("**Other Exchange**"), through one or more duly licensed stockbrokers appointed by the Company for the purpose (the "**On-Market Share Buy-Back**"); and/or

NOTICE OF ANNUAL GENERAL MEETING

- (ii) off-market purchases (if effected otherwise than on the SGX-ST) in accordance with any equal access scheme(s) as defined in Section 76C of the Act as may be determined or formulated by the Directors as they may consider fit and in the best interests of the Company, which scheme(s) shall satisfy all the conditions prescribed by the Act and the Catalist Rules (the **"Off-Market Share Buy-Back"**);

and otherwise in accordance with all other laws, regulations and rules of the SGX-ST or, as the case may be, Other Exchange, as may for the time being be applicable, be and is hereby authorised and approved generally and unconditionally (**"Share Buy-Back Mandate"**);

- (b) any Share purchased or acquired by the Company is deemed cancelled immediately on purchase or acquisition (and all rights and privileges attached to the Share will expire on such cancellation) unless such Share is held by the Company as a treasury share in accordance with the Act;
- (c) unless varied or revoked by the Company in a general meeting, the authority conferred on the Directors of the Company pursuant to the proposed renewal of the Share Buy-Back Mandate may be exercised by the Directors of the Company at any time and from time to time during the period commencing from the passing of this resolution and expiring on the earliest of:
 - (i) the date on which the next annual general meeting of the Company is held or required by law to be held;
 - (ii) the date on which purchases and acquisitions of Shares pursuant to the Share Buy-Back Mandate are carried out to the full extent mandated; and
 - (iii) the date on which the authority contained in the Share Buy-Back Mandate is varied or revoked by the Company in a general meeting;
- (d) In this resolution:

"Maximum Limit" means the number of Shares representing ten per centum (10%) of the total number of issued shares (excluding treasury shares and subsidiary holdings) as at the date of the passing of this resolution unless the Company has effected a reduction of the share capital of the Company in accordance with the applicable provisions of the Act at any time during the Relevant Period (as defined hereinafter), in which event the issued share capital of the Company shall be taken to be the amount of the issued share capital of the Company as altered (excluding any treasury shares and subsidiary holdings that may be held by the Company from time to time);

"Relevant Period" means the period commencing from the date on which the last annual general meeting of the Company was held and expiring on the date the next annual general meeting of the Company is held or is required by law to be held, whichever is earlier, or until it is varied or revoked by the Company in a general meeting, after the date of the passing of this resolution; and

NOTICE OF ANNUAL GENERAL MEETING

“**Maximum Price**” in relation to a Share to be purchased, means the purchase price (excluding brokerage, stamp duties, applicable goods and services tax and other related expenses) not exceeding:

- (i) in the case of an On-Market Share Buy-Back, one hundred and five per centum (105%) of the Average Closing Price; and
- (ii) in the case of an Off-Market Share Buy-Back, one hundred and twenty per centum (120%) of the Average Closing Price,

where:

“**Average Closing Price**” means the average of the closing market prices of a Share over the last five (5) market days on which the Shares were transacted on the SGX-ST or, as the case may be, Other Exchange, preceding the day of the On-Market Share Buy-Back or, as the case may be, the day of the making of the offer pursuant to an Off-Market Share Buy-Back, as deemed to be adjusted for any corporate action that occurs after the relevant five (5) market day period; and

- (e) The Directors of the Company be and are hereby authorized to complete and do all such acts and things (including executing such documents as may be required) as they may consider expedient or necessary to give effect to the transactions contemplated by this resolution.

(See Explanatory Note 5)

(Resolution 7)

By Order of the Board

Ng Say Tiong/Wong Liong Khoo
Company Secretaries
Singapore, 11 April 2019

Explanatory Notes:

1. Mr Yeung Kin Bond Sydney will, upon passing the Ordinary Resolution 3a in item 3 above, remain as a member of Nominating Committee.
2. Mr Glenn Fung Kau Lee will, upon passing the Ordinary Resolution 3b in item 3 above, remain as a member of Audit Committee and Remuneration Committee respectively, and will be considered non-independent for the purpose of Rule 704(7) of the Listing Manual Section B: Rules of Catalist of the Singapore Exchange Securities Trading Limited.
3. The Ordinary Resolution 5 in item 6 above, if passed, will empower the Directors from the date of this meeting until the date of the next annual general meeting or the date by which the next annual general meeting is required by law to be held or when varied or revoked by the Company in general meeting, whichever is the earlier, to allot and issue shares and convertible securities in the Company. The number of shares and convertible securities that the Directors may allot and issue under this Resolution would not exceed one hundred per centum (100%) of the total number of issued shares of the Company at the time of passing this Resolution. For issue of shares and convertible securities other than on a pro-rata basis to all shareholders, the aggregate number of shares and convertible securities to be issued shall not exceed fifty per centum (50%) of the total number of issued shares of the Company.

For the purpose of Ordinary Resolution 5, the percentage of issued shares is based on the total number of issued shares at the time Ordinary Resolution 5 is passed after adjusting for (a) new shares arising from the conversion or exercise of convertible securities; (b) new shares arising from the exercise of share options or the vesting of share awards outstanding or subsisting at the time when Ordinary Resolution 5 is passed, provided the options and awards were granted in compliance with Part VIII of Chapter 8 of the Catalist Rules; and (c) any subsequent bonus issue, consideration or subdivision of shares.

NOTICE OF ANNUAL GENERAL MEETING

4. The Ordinary Resolution 6 in item 7 above, if passed, will empower the Directors of the Company, to grant options and to allot and issue shares upon the exercise of such options granted or to be granted in accordance with the GEL Schemes provided that the number of shares which the Directors may allot and issue under this Resolution, together with any shares issued and issuable in respect of all options granted or to be granted under the GEL Schemes as well as any shares, options or awards granted under any other share option or share scheme of the Company then in force (if any), shall not, in aggregate, exceed fifteen per centum (15%) of the total number of issued shares excluding treasury shares and subsidiary holdings of the Company on the day preceding that date.
5. The Ordinary Resolution 7 in item 8 above, if passed, will empower the Directors of the Company, effective until the conclusion of the next annual general meeting of the Company, or the date by which the next annual general meeting of the Company required by law to be held or such authority is varied or revoked by the Company in a general meeting, whichever is the earlier, to purchase or otherwise acquire issued ordinary Shares of the Company by way of On-Market Share Buy-Backs or Off-Market Share Buy-Backs of up to the Maximum Limit at the Maximum Price in accordance with the terms and conditions set out in the Appendix to this Notice of Annual General Meeting, the Act and the Catalist Rules. Please refer to the Appendix to this Notice of Annual General Meeting for more details.

Notes:

1. (a) A member who is not a relevant intermediary, is entitled to appoint one or two proxies to attend and vote at the Annual General Meeting (the "**Meeting**").
(b) A member who is a relevant intermediary, is entitled to appoint more than two proxies to attend and vote at the Meeting, but each proxy must be appointed to exercise the rights attached to a different Share or Shares held by such member.

"Relevant intermediary" has the meaning ascribed to it in Section 181 of the Companies Act, Cap. 50.

2. A proxy need not be a member of the Company.
3. The form of proxy in the case of an individual shall be signed by the appointer or his/her attorney, and in the case of a corporation, either under its common seal or under the hand of an officer or attorney duly authorised.
4. If the form of proxy is returned without any indication as to how the proxy shall vote, the proxy will vote or abstain as he/she thinks fit.
5. If no name is inserted in the space for the name of your proxy in the form of proxy, the Chairman of the Meeting will act as your proxy.
6. The form of proxy or other instruments of appointment shall not be treated as valid unless deposited at the Company's Registered Office at 50 Raffles Place #32-01 Singapore Land Tower, Singapore 048623, not less than seventy-two (72) hours before the time appointed for holding the Meeting and at any adjournment thereof.

Personal data privacy:

By submitting an instrument appointing a proxy(ies) and/or representative(s) to attend, speak and vote at the Meeting and/or any adjournment thereof, a member of the Company (a) consents to the collection, use and disclosure of the member's personal data by the Company (or its agents) for the purpose of the processing and administration by the Company (or its agents) of proxies and representatives appointed for the Meeting (including any adjournment thereof) and the preparation and compilation of the attendance lists, minutes and other documents relating to the Meeting (including any adjournment thereof), and in order for the Company (or its agents) to comply with any applicable laws, listing rules, regulations and/or guidelines (collectively, the "**Purposes**"), (b) warrants that where the member discloses the personal data of the member's proxy(ies) and/or representative(s) to the Company (or its agents), the member has obtained the prior consent of such proxy(ies) and/or representative(s) for the collection, use and disclosure by the Company (or its agents) of the personal data of such proxy(ies) and/or representative(s) for the Purposes, and (c) agrees that the member will indemnify the Company in respect of any penalties, liabilities, claims, demands, losses and damages as a result of the member's breach of warranty.

Total number of Shares in:	No. of Shares
(a) CDP Register	
(b) Register of Members	

Signature of Shareholder(s)
or, Common Seal of Corporate Shareholder

Notes:

1. Please insert the total number of Shares held by you. If you have Shares entered against your name in the Depository Register (as defined in Section 81SF of the Securities and Futures Act, Cap. 289), you should insert that number of Shares. If you have Shares registered in your name in the Register of Members, you should insert that number of Shares. If you have Shares entered against your name in the Depository Register and Shares registered in your name in the Register of Members, you should insert the aggregate number of Shares entered against your name in the Depository Register and registered in your name in the Register of Members. If no number is inserted, the instrument appointing a proxy or proxies shall be deemed to relate to all the Shares held by you.
2. A member of the Company entitled to attend and vote at a meeting of the Company is entitled to appoint not more than two proxies to attend and vote in his/her stead. A proxy need not be a member of the Company.
3. Where a member appoints two proxies, the appointments shall be invalid unless he/she specifies the proportion of his/her shareholding (expressed as a percentage of the whole) to be represented by each proxy.
4. A member who is a relevant intermediary entitled to attend the meeting and vote is entitled to appoint more than two proxies to attend and vote instead of the member, but each proxy must be appointed to exercise the rights attached to a different Share or Shares held by such member. Where such member appoints more than two proxies, the appointments shall be invalid unless the member specifies the number of Shares in relation to which each proxy has been appointed.

"Relevant intermediary" means:

- (a) A banking corporation licensed under the Banking Act, Cap. 19 or a wholly-owned subsidiary of such a banking corporation, whose business includes the provision of nominee services and who holds shares in that capacity;
 - (b) a person holding a capital markets services license to provide custodial services for securities under the Securities and Futures Act, Cap. 289 and who holds shares in that capacity; or
 - (c) the Central Provident Fund Board established by the Central Provident Fund Act, Cap. 36, in respect of shares purchased under the subsidiary legislation made under that Act providing for the making of investments from the contributions and interest standing to the credit of members of the Central Provident Fund, if the Central Provident Fund Board holds those shares in the capacity of an intermediary pursuant to or in accordance with that subsidiary legislation.
5. Completion and return of this instrument appointing a proxy shall not preclude a member from attending and voting at the AGM. Any appointment of a proxy or proxies shall be deemed to be revoked if a member attends the meeting in person, and in such event, the Company reserves the right to refuse to admit any person or persons appointed under the instrument of proxy to the AGM.
 6. The instrument appointing a proxy must be deposited at the Registered Office at 50 Raffles Place #32-01 Singapore Land Tower, Singapore 048623, not less than seventy-two (72) hours before the time appointed for the AGM.
 7. The instrument appointing a proxy or proxies must be under the hand of the appointor or of his/her attorney duly authorised in writing. Where the instrument appointing a proxy or proxies is executed by a corporation, it must be executed either under its seal or under the hand of an officer or attorney duly authorised. Where the instrument appointing a proxy or proxies is executed by an attorney on behalf of the appointor, the letter or power of attorney or a duly certified copy thereof must be lodged with the instrument.
 8. A corporation which is a member may authorise by resolution of its directors or other governing body such person as it thinks fit to act as its representative at the AGM, in accordance with Section 179 of the Companies Act, Cap. 50.

General:

The Company shall be entitled to reject the instrument appointing a proxy or proxies if it is incomplete, improperly completed or illegible or where the true intentions of the appointor are not ascertainable from the instructions of the appointor specified in the instrument appointing a proxy or proxies. In addition, in the case of Shares entered in the Depository Register, the Company may reject any instrument appointing a proxy or proxies lodged if the member, being the appointor, is not shown to have Shares entered against his/her name in the Depository Register as at seventy-two (72) hours before the time appointed for holding the AGM, as certified by The Central Depository (Pte) Limited to the Company.

Personal Data Privacy

By submitting an instrument appointing a proxy(ies) and/or representative(s), the member accepts and agrees to the personal data privacy terms set out in the Notice of AGM dated 11 April 2019.
